

## Rescue Skiers At Squaw As Famed Tram Stalls

An areawide power failure jerked the Squaw Valley aerial tram to a sudden stop Friday causing the cable car, loaded with 121 holiday skiers, to swing up and entangle itself in electrical wires.

"Everybody fell over like do-

minoes," remarked 17-year-old Larry Herdman, La Habra, Calif., a passenger on the ill-fated ride up the mountain.

The stranded party of skiers hovered 250 feet above the lodge for about four hours before all were rescued without injury. The car was halfway to the first tower atop Granite Chief along a mile and a half route when a power outage in Reno caused the tram to stop.

Some passengers were evacuated one at a time using a winch, cable, and halter device which lowered them safely to the ground. Later a cage-type work car was put into operation carrying a dozen persons at once. "At first everyone was a little stunned," said Herdman. "But then a man started to play his harmonica and entertained us. When the men had rigged up the rescue line I volunteered to be the first to try it, but they let a smaller kid test it."

It was learned the winch and cable rescue device is capable of supporting more than 2,000

pounds.

### Over Quarter Million Riders

The first anniversary of the Squaw Valley cable car was marked Dec. 20 when it was announced the huge tram had transported 295,198 skiers and sightseers to the top of Squaw Valley's towering mountains.

The two largest tram cars ever built, with a capacity of 120 persons in each at a cost of over \$3 million, had rolled along the steel cables a total of 6,002 trips. At times last winter the fully enclosed cars were the only lifts running because of severe storms and high winds.

Plans on the board now call for construction of a large restaurant at the summit and conversion of the lower terminal building into an Olympic Memorial Hall to commemorate the 1960 Winter Olympics held at Squaw.

and a little wine to the people trapped in the car," said Hans von Nolde, public relations director for the famous ski resort. "The weather was fine, with no wind, and the rescue went without a hitch."

He said the tram was not damaged and would resume operations the next day. Passengers received a lift refund, a free one-day ski pass, and will later be sent a letter of apology by the management of Squaw Valley, according to Von Nolde.

Bill Johnston, 17, La Habra, Herdman's friend and roommate at Olympic Village Hotel, was also stranded for about an hour and a half on the Headwall chairlift which stopped during the power failure and could not be restarted.

"Luckily I was dressed warmly, but my partner in the chair got pretty cold," commented Johnston. The Headwall lift transports skiers to one of the highest peaks in Squaw Valley. The lift was later started using auxiliary power.

## One Man's Opinion

By CARL BRIGGS

The chambers of commerce of Truckee-Donner and North Lake Tahoe have slated an ambitious and comprehensive calendar of events for 1970, activities designed to draw participants and spectators - and, to be crassly straight forward about it, the money they spend while they are here - from outside the area into our greater North Lake Tahoe community.

Recreation is the name of our game, sir, and that's what we're selling. Glancing over tentative schedules for the year reminds us once again that we offer a greater recreational variety here than anywhere else, and we offer it in a setting that is without parallel.

In the immediate future are the annual Snowball (also variously called Snow Ball Sno Ball and Snowball), Jan. 16; Martis Valley Snowmobile races, Feb. 7 and 8; ditto Dogsled races, Mar. 7 and 8; Donner Summit Winter Carnival, Easter week. Later on there will be such events as the Truckee River high water boat run, bicycle races, swimming races, Truckee River downhill fun races, fishing derbies, Donner Memorial Wagon Train, golf tournaments, and various other activities and celebrations, all of which add up to a busy and hopefully prosperous year.

Some experts are making gloomy predictions about the economy for 1970, but this region has seen "slow" times before and knows how to hang tough - if, indeed, the predictions prove accurate. Dozens of hard working people in both chambers are giving generously of their time and energies to keep things moving and prevent any noticeable slump. They could use more help. If you are not now a chamber member and actively working on some committee, do your part in holding things together by joining and participating.

Note to Hal Silva: Don't you think the contractor on your new building is cutting things a little close?

Note to Phil Sprang: You could probably rent out that pagoda atop the Coolie Corral on weekends to skiers.

Note to Bill Layton: Isn't it possible the desirable porosity of Martis Valley will be adversely affected by the high rate of percolation of the permanent pool to be impounded behind the Martis Creek "flood control" dam?

Note to Joe Aguera: Is there anything the community can be doing to help you get the Jaycee membership up to 25 so that we can have another director from this area seated on the board of Nevada County Chamber of Commerce?

Note to Jim Walker: Git on home here, Truckee isn't the same without you.

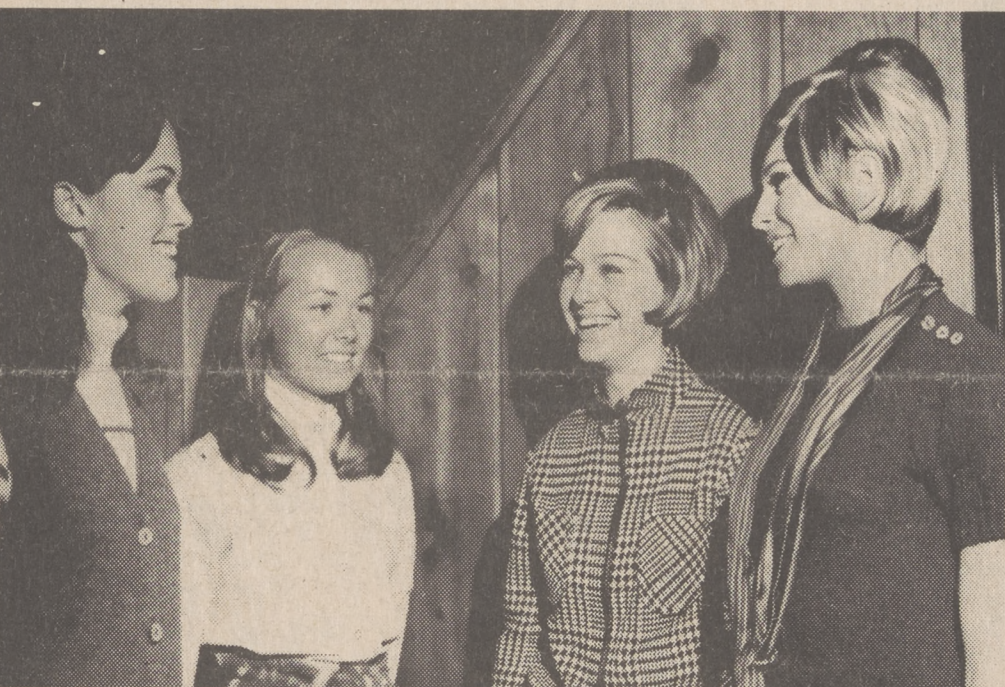

Note to John Corbett: The word "deadline" means the end of an allotted time for submitting news, not the beginning.

Note to Alex Stewart: You closed the golf course about three months too early.

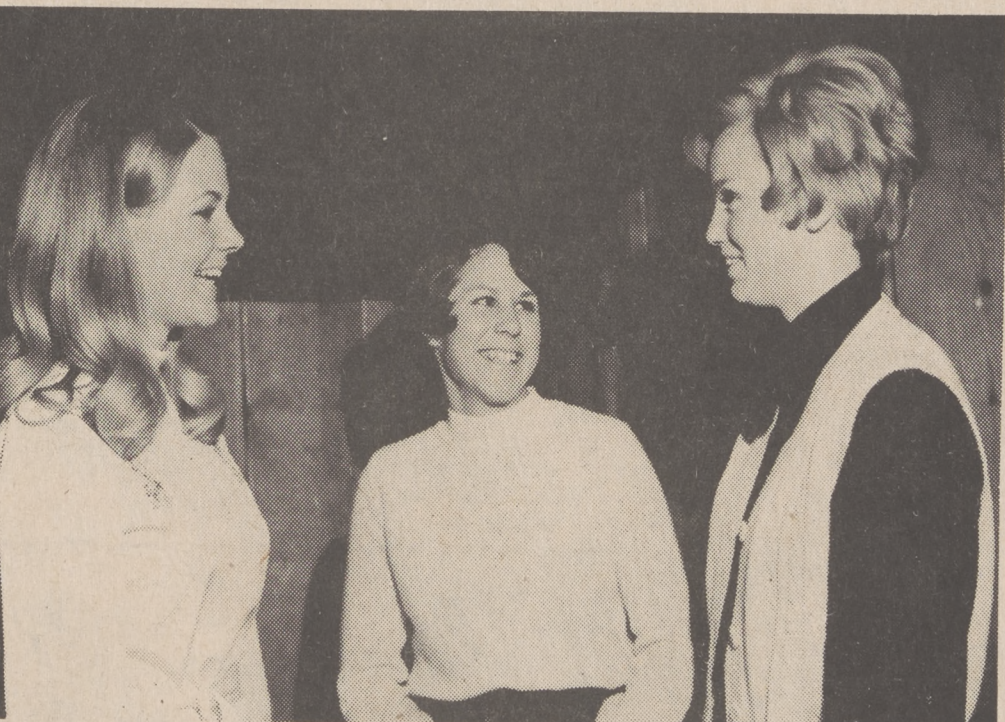

Note to Alex Cushing: I know where you can get a real bargain on surplus parachutes in lots of 121.

Note to Ralph Rauscher: My feet are killing me.

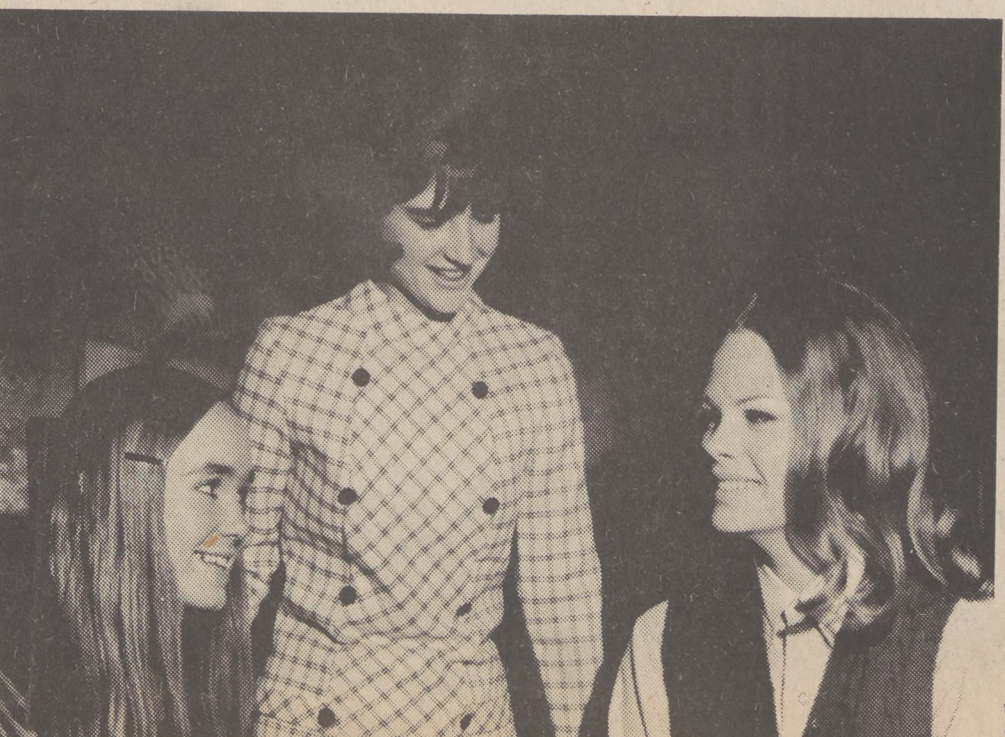

Note to Al Lewis: Who will bug Dickensheet now that you're gone?

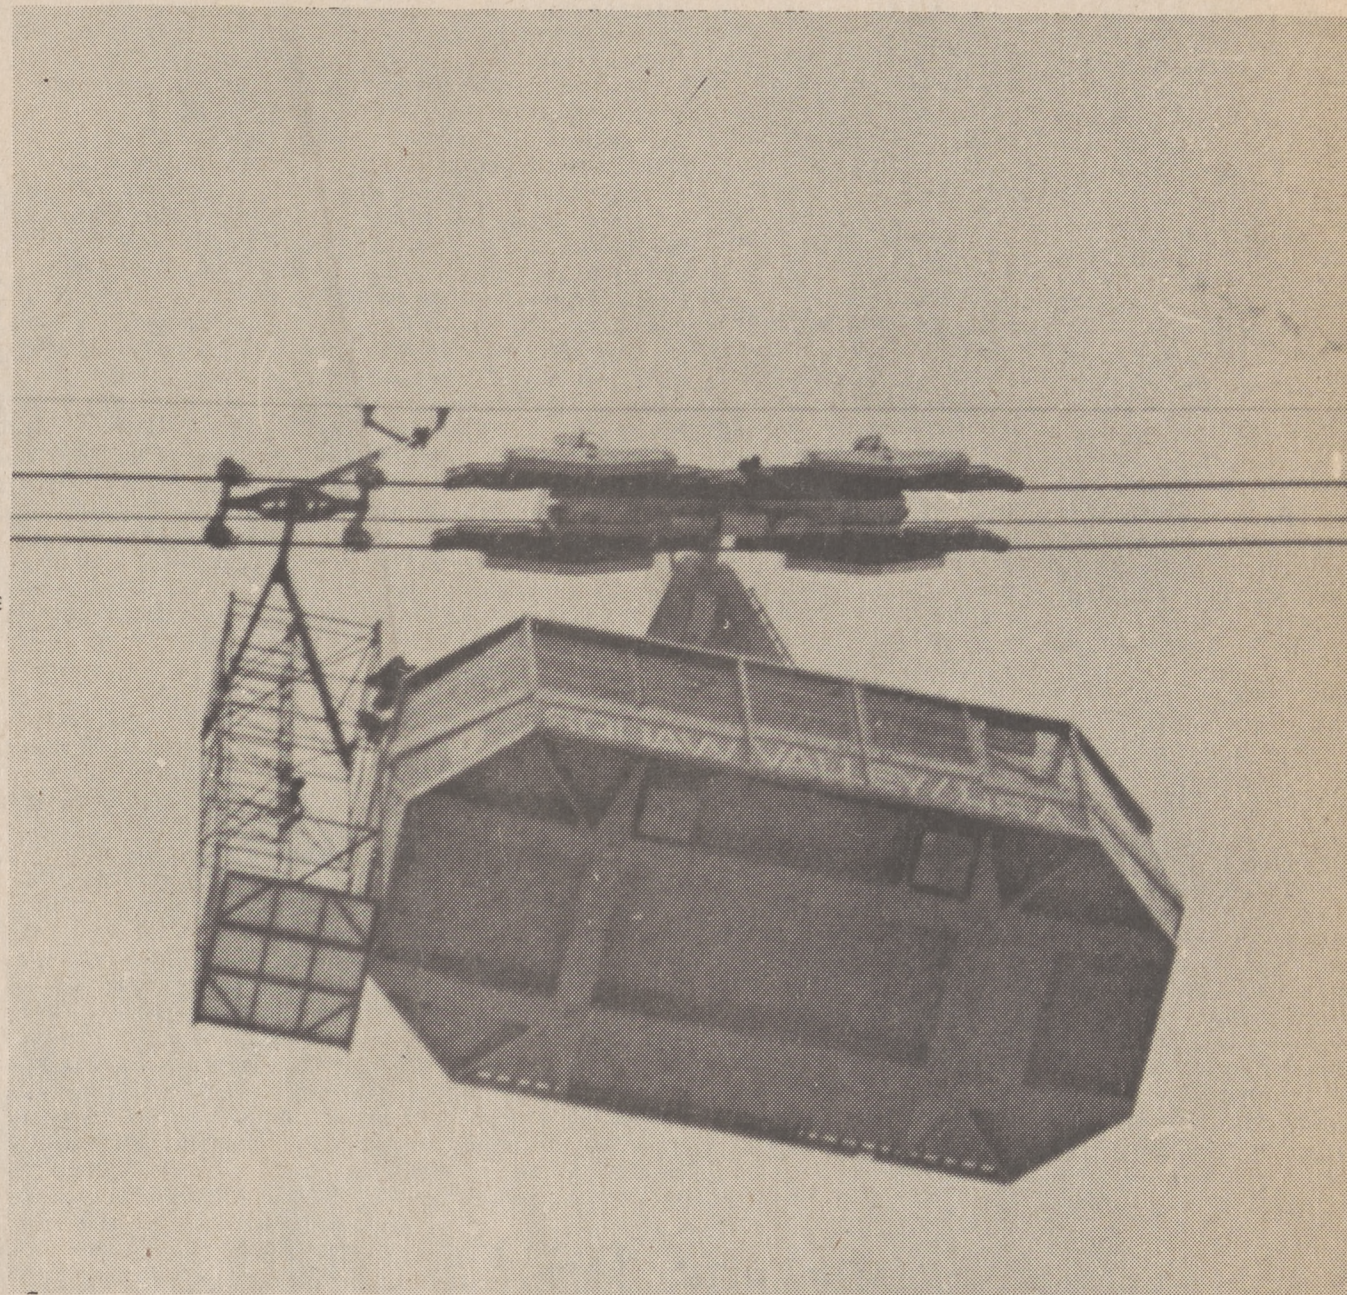

MISS SNOWFLAKE HOPEFULS - Debbie Rich, Kings Beach, Lynn Aro, Homewood, Liz Burzet, Kings Beach, and Kristina St. George, Squaw Valley, will vie for the Miss Sierra Snowflake crown January 16 with other contestants during the ninth annual Snowball. - Sun Photo

SNOW QUEEN CANDIDATES - Discussing favorite subject - boys? - are Sierra Snowflake contestants, from left, Sharon Roberts of Truckee, Cindy Hiatt of Kings Beach, and Michele Sayre of Incline Village. Winner of the queen crown will receive a cash prize of \$150 and will reign at all area winter activities. - Sun Photo

WHO WILL WIN? - On January 16 perhaps one of these pretty girls will be named Miss Sierra Snowflake at the ninth annual Snowball at the Nevada Lodge, Squaw Valley, Cindy Benson, Incline, and Cathy Fields, Incline. - Sun Photo

SQUAW TRAM RESCUE - One of the last passengers in the stranded aerial cable car high above Squaw Valley is transferred to a cage-type work car used in the rescue of 121 holiday skiers

Friday. A power failure reportedly caused the cable car to stop suddenly and entangle itself in electrical wires. - Sun Photo

## Fifteen Will Vie For Beauty Crown

By ELLEN ATTARDI

Fifteen lovely young ladies from the North Tahoe-Truckee area will vie for the title of 1970 Miss Sierra Snowflake at the 9th Annual SnoBall to be held on Friday, January 16th at the Topaz Room of the Nevada Lodge. The affair, sponsored by the Greater North Lake Tahoe Chamber of Commerce, will be MC'd by personable and witty Paul Speegle of San Francisco.

The contestants and their sponsors are Debbie Rich, Kings Beach Community Club; Barbara Randol, Tahoe City Optimists; Cindy Hiatt, North Tahoe Rotary Club; Cindy Benson, In-

cline Village Title & Trust; Sharon Roberts, Truckee Lions; Mary McCaffery, Incline Village, Inc., Sales Department; Liz Brazet, General American Development Corporation; Michele Sayre, North Tahoe Women's Club; Cathy Fields, Crystal Bay Club; Lynn Aro, Homewood Ski Area; Nancy Millsbaugh, Tahoe Sierra School; Kristina St. George, Roos-Atkins and Hearshstone; Karla Melxner, Tahoe City Rotary Club; Sally Thomas, KPAT;

and Jo Burris, Soroptimists. Chamber president Gardner Mein has announced that Father Shaheen of the St. Nicholas Episcopal Church in Tahoe City and Father Connolly of the Our Lady of the Lake Catholic Church in Kings Beach will participate in the on-stage activities.

Among the prizes to be awarded during the evening are an 18-inch portable television set, a season ski pass from Squaw

Valley Lodge, an electrical appliance from Sierra Pacific Power Company and a package of six dinners for two from well-known restaurants.

An evening of dancing to live music will follow a buffet dinner and the Snowflake contest. Reservations, at \$6.50 per person, may be made by phoning the Chamber at 583-3461 or writing to Box 884, Tahoe City.

## Special Bulletin

Lauren Russell of Donner Lake, a director of Truckee-Tahoe Airport District for the past seven years, submitted his resignation at the regular board meeting Tuesday.

Appointed to complete Russell's term of office was Oliver (Ollie) Crose of Truckee, owner of My House of Prime Rib restaurant, Crose is a pilot, maintaining his own airplane at the airport, an accountant, and at one time served as manager of Truckee Sanitary District.

## Two Injured, Cars Totaled In Collision

A Tahoe Vista man slammed into an auto New Year's Day which had stalled in his south-bound lane when the driver attempted a "U" turn, on Highway 89, according to the California Highway Patrol.

Karl Donaghy, Jr., 51, Tahoe Vista, was listed in good condition at Tahoe Forest Hospital with chest injuries, Julia Carlinger, 22, Healdsburg, a passenger, received multiple rib fractures and a lung contusion and is in satisfactory condition, doctors said.

Thomas Wittenbrock, 24, San Carlos, said he had tried to make the turn to return to Tahoe City when the mishap occurred. Witnesses said Donaghy slid into Wittenbrock's vehicle after rounding a curve on Highway 89 north of Tahoe City. CHP officers report both vehicles were totally damaged.

## Special Bulletin

The Department of Housing and Urban Development in Washington, D.C. approved a grant in the amount of \$10,000 to Truckee-Donner Recreation and Park District, according to a telegram received Tuesday from Congressman Harold T. (Bizz) Johnson.

Grant terms were approved under HUD's open space land program. The funds will be used for the Truckee River Regional Park to serve the people of the district as well as tourists traveling through the area.

## Critical Burns For Driver Of A Stolen Bakery Truck

A young man who officers said was driving a stolen bakery van-truck was critically burned in the fiery crash of the truck Thursday night on Interstate 80 four miles west of the Nevada state line near Farad.

Passing motorists were credited with saving the life of the man, Charles Green, 21, San Leandro, who was aflame when they pulled him from the overturned vehicle.

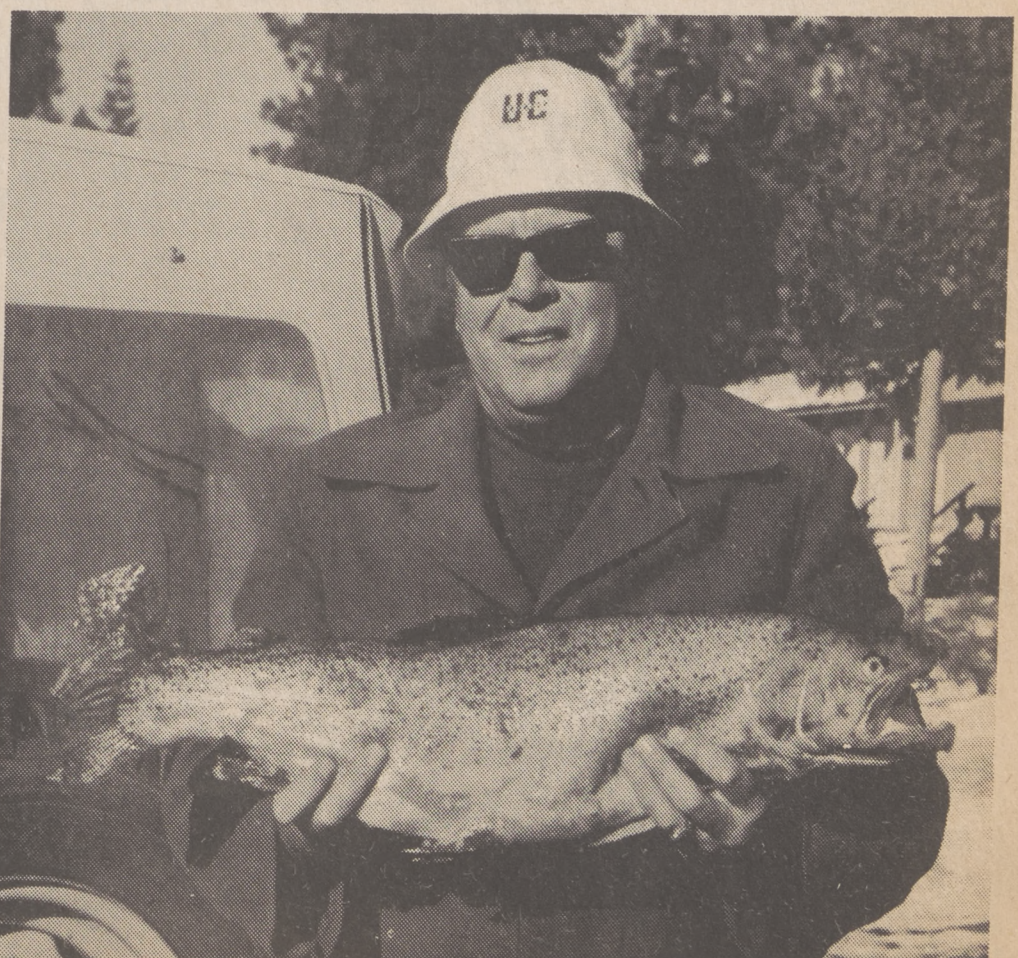

Washoe County sheriff's officers were the first officials at the scene of the crash but Green had already been pulled from the blazing truck.

Reports indicate the empty

van-truck, taken from Welsh's Bakery garage, in Reno was eastbound when it skidded out of control, tore out 150 feet of chain-link fence, and slammed into the side of a cliff.

Doctors at Washoe Medical Center said he suffered first, second, and third degree burns over about 80 per cent of his body and was still in critical condition Monday.

Police said whoever stole the truck is also the suspect in the burglary of a gas station in Reno from which it was believed the truck keys may have been taken.

TROPHY RAINBOW - Don Hawken, manager of the Bank of California in Tahoe City, landed this incredible lunger about noon on Dec. 30 while trolling in Lake Tahoe near Tahoe City. The fish, truly large for a Rainbow trout, measures 28 1/2 inches and weighed nine pounds, three ounces. Hawken was using a yellow flatfish at a depth of 50 to 60 feet. - Sun Photo

# Letter To The Editor

EDITOR, SIERRA SUN:

As the new year approaches, I want to express my deep appreciation for the courtesy and the cooperation you have extended to me, not only during 1969, but during all the years that I have represented the Second Congressional District here in Washington.

Each year it seems that the work load on Congress requires us to remain longer and longer in the Nation's Capitol and I find it difficult to spend as much time in the Second District as I would like. In order to keep abreast of the developments at home I make it a point to read most of the papers circulated in the 20 counties of the district and it has been my experience that you do an outstanding job in reporting the events of your community and reporting the activities of Congress to your readers.

The Second Session of the 91st Congress will commence shortly and I anticipate a full load of legislative business, including many things of direct concern to the people of your area. In the months ahead if I can assist you in reporting these developments to your readers, I would appreciate any suggestions or comments.

Again, thanks for a fine job and may you have a happy and prosperous New Year.

Harold T. (Bizz) Johnson  
Member of Congress

EDITOR, SIERRA SUN:

The U.S., i.e. you and I, have no money available to give to foreigners, and if Congress does pass the big foreign economic aid bill for \$2.5 billion (yes, billion), the U.S. Treasury will have to borrow all the money, mostly from the American people. This means higher taxes.

Every time the Treasury borrows, it is competing with business, and this is why we are now having high interest rates. Interest on the national debt is

now \$18 billion yearly! We have already given foreigners \$82 billion (yes \$82 billion)! Believe it or not, we are out of funds and are even now borrowing money from more than 30 foreign countries who were recipients of our free aid.

It's high time Congress heard from the people that we want this frightful, frightening borrowing and spending spree stopped!

C.C. Moseley  
Glendale

\*\*\*  
(EDITOR'S NOTE: The following letter is from a former Truckee family and was addressed to the Robert Sutton family. It was sent from 17 Tashiro Court, 1388 Nakagami-cho, Akishima-shi, Tokyo-to, Japan, and is dated December, 1969.)

Dear Friends,  
Last year came and went so quickly (are you sure it had 365 days?), that Christmas also came and went without our mailing a single card or letter. We received yours, however, and they warmed our hearts and lifted our spirits. You were much in our minds, for we were, and still are, a long way from home. And letters and cards from friends shrink the distance just a little, so we know we're not quite so far away after all.

To back up a bit, we should begin by telling you that on April 29, 1968, Stan left Air West (formerly Pacific Air Lines) to go to work for World Airways, supplemental air carrier with headquarters in Oakland, California. Stan's position is Director of Maintenance, Far East Division, which covers an area from Australia to Bangkok to Saigon to Tokyo. His office is located near Tachikawa on the Western edge of Tokyo. Since this was rather a far commute from Redwood City, the family pulled up stakes and here we are, residents of the largest city in the world.

Living in Japan has its in-

conveniences and frustrations, but, for the most part, it has been an interesting and exciting experience, and one we wouldn't have missed for the world. We live on a quiet dead-end street in a large (for Japan) four bedroom Japanese version of an American house. (This does not include such American amenities as central heating or insulation - sorely missed items at this time of year. We keep reasonably comfortable, though, with a Coleman oil stove and a small Japanese kerosene heater.) We have furnished the house in a mixture of Western and Japanese. Our bedrooms are Japanese, complete with tatami mats - 3" thick straw mats that serve in the place of rugs and insulate the floor as well. We sleep on futons, which really amount to sleeping on mattresses on the floor - and very comfortable, we might add. We do westernize our sleeping arrangements with the addition of electric blankets, for it gets very cold here. Living room and dining room are done in conventional western style for we creaky-kneed Americans can take only a limited amount of squatting and kneeling, Japanese - fashion, on the floor. Though we eat our meals from a western-style table, seated on western-style chairs, we are all quite adept with the hashi (chopsticks).

The best part of Japan is the people. In spite of what you may have read in the paper about riots and demonstrations against the United States, almost without exception the Japanese we have come in contact with have been kind, courteous, and almost embarrassingly eager to help, whether we're lost (a frequent occurrence in Japan), trying to buy something, or merely seeking information. One has only to stand on the street looking bewildered, and someone is sure to step up and say, in

English (!), "Can I help you?" The personal cleanliness of the Japanese is above reproach; B.O. is never in evidence, even on the hottest day aboard the most crowded train. They are also scrupulously honest. A wallet left in a taxi or store is almost sure to be returned, complete with money. Surely Japan is one of the safest places for both your property and your person, for assault is not a common crime, outside of the militant demonstrators.

Five of the children accompanied us to Japan. Kirs had her senior year here, and graduated from the American School in Japan (ASIJ) last June. She is now back in the States attending American River College in Sacramento. Her address is 4336 Edison, Sacramento.

Kim is a senior this year. He, along with Kris and the other three, also attended ASIJ last year, but this year all of them are attending the DOD (Department of Defense) schools on the Air Base. Since DOD schools have a tremendous turnover in students each year, Kim has not felt "left out" in his senior year, and, in fact, seems to be having a ball. He will graduate in June, and plans to return to the States immediately in hopes of finding a summer job. He will then enter college in the Fall.

Dana is a freshman this year, is doing well scholastically, has a bosom friend from which she is practically inseparable, and is beginning to lead a full social life. All in all, she seems to be having a great time, too.

Jan is now a sixth grader, almost as tall as Dana, and leads a busy life of her own. She has been taking lessons in oil painting, judo (!), and bowling. She was the grand prize winner in a school safety poster contest, and has a small transistor radio and a wooden wall plaque to show for it.

Mark is . . . well, Mark is Mark! He's a fourth grader, and when he sits still long enough he learns quite a bit. School, however, does interfere

a bit with some of his myriad projects. This Fall football has been the big activity. He's not exactly another Joe Namath - though his spending habits suggest it - but the discipline of learning and playing the game is just about the best thing that ever happened to him. He doesn't get to play much in the actual game, but he's had the thrill of being part of a winning team; in fact, his team is the champion team in the league, having lost only one game (8-0). Needless to say, we've seen more football games this year than we've seen in the previous twenty-five.

Our three eldest boys are scattered far and wide. Stan Jr. has just given up his aeronautical engineering job at Boeing in Seattle for a job at the U.S. Navy. As of December 2nd he is a Naval Aviation Cadet in Pensacola, Florida; address at this writing is still unknown. The object, of course, is to earn his wings. He has his private pilot's license, earned while he was in Seattle, but he felt he would never be able to afford to get the training he needed in order to go into larger aircraft. And flying is now his first love.

Ted has almost completed his tour of duty with the Air Force. He did his year in Vietnam, had his R & R with us in Tokyo, and returned to the States just before Christmas last year. He is now stationed at McClellan Field in Sacramento, but receives his mail

through Nancy's sister in Auburn; 260 Chana Drive, Auburn, California 95603. His four years is up in May, but he's hoping for an early out.

Paul has passed the halfway mark on his enlistment in the Air Force, and is presently stationed in Thailand. His address is Sgt. Paul T. Jessen, 635 Cmbt. Spt. Gp., CMR Box 2052, APO San Francisco 96330. If you happen to be passing through Thailand, Paul is stationed at U Tapao Air Base which is about two hours south and a bit east of Bangkok by bus - the only way to get there unless you're flown in by the military. Paul is supposed to leave U Tapao in March - he'll have been there a year - but he'll believe that when he gets his orders.

This Christmas will find the greatest part of our family in very faraway places, but, happily, most of us will be together. Kris is coming to Japan to join us on a trip to Bangkok where we'll meet Paul on his R & R and celebrate Christmas. Stan, Jr. and Ted will be with Nancy's folks in California.

Christmas in the lush tropical setting of Thailand is a far cry from the white Christmas of song, but as "home is where the heart is," so is Christmas. Wherever you celebrate the holy days, may it also be where your heart is. And may 1970 fill your lives with blessings, and may it bring at least a beginning of peace for all men.

Stan and Mary Jessen

## Historic Guide To Truckee-Tahoe Area

(EDITOR'S NOTE: This is the sixteenth in a series of excerpts taken from "Edwards' Tourist Guide and Directory of the Truckee Basin," published in 1883 by W.F. Edwards, former editor of the Truckee Republican.)

George Shaffer's mill is located in Martis Valley, about two and a half miles southeast of Truckee. A splendid road leads from town to the mill and village, for such it may be termed. Mr. Shaffer having built for himself a comfortable summer residence surrounded by houses for the accommodation of his employees.

Here he has a little community of his own and visitors are always welcome and treated with royal courtesy. Mr. Shaffer is a keen businessman and has seized upon every advantage of locality and improvement that experience and foresight could suggest.

Although no natural streams supply the very necessary adjunct to milling property in this section, he has constructed an artificial mill pond capable of holding three million feet of logs, the water in which is supplied by a flume from Martis Creek a mile above.

From the mill another flume gives immediate connection with his yards in Truckee, the water passing under the mill taking the lumber directly from the saw, carrying it rapidly along and depositing it in the yard at Truckee three miles distant with little or no expense.

During the summer season the scene is a brisk one. The ox teamster's halloo "haw Buck," "gee Brin" resound through the mighty forests. The logs are drawn and placed in the pond, the water carries them directly to the teeth of the saws; sturdy mill men, moving with the same precision as does the ponderous machinery places them in position. The never-satisfied merciless teeth of the great saws eat their way through immense forest pines.

The lumber, bright, fresh, and hellow falls into the flume and what a few days before was a towering monarch is floating rapidly along, soon to be seized by other hands and piled humbly into immense stacks of lumber, ready for the mechanic's skill. During the winter the pond is drained of its water and the logs lay in the bottom waiting for the spring sun to melt the mountain snows.

Mr. Shaffer has a timber tract of about 6,000 acres of about as fine pine and fir timber as grows above the ground and the supply will last for years. The accessibility of the mill to Truckee makes it available for strangers and others who desire to observe the modus operandi of lumbering in the high Sierra.

Not only as a pioneer, but as one of the most extensive of all mills and factories in and about Truckee, controlling as they do about 12,000 acres of timber land, with the most extensive lumber mill, consuming over 20 million feet of lumber each season, the Truckee Lumber Co. may be said to lead the van.

A brief resume of what they do will doubtless prove interesting to the reader. Employing large numbers of men in Truckee and the camps about, they probably pay out more money that directly benefits Truckee than any other concern.

They ship very largely to the east and south, Ogden, Salt Lake and south to Arizona the products of their factory and mill.

No mean portion of their industry in the manufacturing of packing boxes, they last year consuming nine million feet of lumber in this branch of the business. Last year they employed in San Francisco 60 men in nailing together boxes made at the factory in Truckee and shipped to that market. This year they have put in a full outfit of machinery in San Francisco and shipping lumber from the mill here, manufacture all small orders on the spot.

They also manufacture furniture of all kinds at their factory in Truckee, using last year nearly 1,500,000 feet of lumber for that purpose. They also manufacture doors, sash and blinds, which they began in 1873. Messrs. Brickell and Kuger are the lumbering business and everything connected with the various departments is conducted with system and order. They have a large store in Truckee from which they supply different camps and also do a large general store business in addition. Everything is kept that can be mentioned.

In connection with their factory they have a well organized fire department, with a first-class engine and hose carriage all provided in a neat and substantial engine house. The boys are proud of their machine and the citizens have had reason to prompt attendance upon Truckee fires.

(More next week.)

## Planning Post Applicants Under Study

Nevada county's supervisors pored over 15 job applications Tuesday afternoon from people who want to become planning director.

They were undertaking the task of weeding out those who they found unsuited for the job by a reading of the applications. The people not eliminated by a perusal of their applications will be interviewed by the Supervisors during the coming month. Chairman Willie Curran noted the board hopes to hire a new planning director by Feb. 1.

It was indicated that some applicants might be eliminated for lack of education qualifications as some reportedly do not have degrees needed for this position. It was decided that eight of the applicants will be interviewed starting Jan. 13. Clerk Maxine Gaines was instructed to contact all the 15 applicants by telephone today and tell them whether or not they are to be interviewed.

William Roberts was planning director from 1961 until last month when he resigned to accept the economic planner's job with the new Sierra Economic Development District.

## Reno Apartment Sale Announced

RENO - Arlington Towers has been sold for an undisclosed figure to Samuel Zell, trustee for Chicago interests, it was announced by former owners John Cavanaugh, Sr., John Cavanaugh Jr., and William Thornton.

## News From The Past

### 25 Years Ago

January 11, 1945

Supervisor Frank Howe of Grass Valley became chairman of the Nevada County Board of Supervisors Monday morning at the annual meeting held in Nevada City. Cary Abrogast of Nevada City was the retiring chairman. Supervisor Henry G. Loehr of Truckee was sworn in as a new member of the board, replacing Alex Robertson in the fifth district.

Cpl. Doug Barrett left Monday night to rejoin his Air Force unit in Canada after a 17-day furlough at home. His bride is remaining in Truckee with the corporal's parents.

Signalman 2.C Bob Leamon is en route to his base in the Atlantic after spending the holidays here on leave with his family. He highly approved of his son, whom he had not had the pleasure of meeting before.

The Bechdolt family of Tahoe City last week had word from son T. Sgt. Billie that he has arrived safely in Italy after a somewhat rough crossing. Although his letter could not name places or give details, he did tell of the ragged, near-starving children who lined the streets as the troops passed.

Capt. Stanley Dollar Jr., who spent many summers at Tahoe, has been recently heard from in the South Pacific where he is stationed in the army.

### Cabin Donated To Chamber

TAHOE CITY - An old log house whose logs were worked in the original sawmill at Glenbrook has been given to Greater North Lake Tahoe Chamber of Commerce by Sierra Pacific Power Co.

The chamber is negotiating for a site on which to move the building next spring. It will be used as a museum, information center and chamber office.

### 30 Years Ago

January 11, 1940

With damage to telephone and power lines running into the thousands of dollars, the Truckee, Lake Tahoe, and Donner Summit region this week was lashed by the most severe storm of the season. With intermittent snow and rain, the heavy downpour caused more than 40 poles on the telephone line between Truckee and Brockway to fall and eight additional emergency crews were rushed to the region to correct the damage. Poles collapsed and for three days residents of the Tahoe area were without telephones or power.

Residents of the Tahoe and Truckee district are vigorously protesting the order of Capt. Charles LaPorte of the Placer County squad of the state highway patrol who has asked Patrolman Gene Walker to report to Baxter's for duty and leave the Lake Tahoe region unprotected.

Claudette Colbert, moving picture actress, entertained a group of her friends during the week at the formal opening of the Donner Summit Sugar Bowl which brought out a large number of ardent winter sports fans despite the stormy weather.

A petition bearing the names of 36 Truckee residents asking the Nevada County Board of Supervisors not to call a special election to determine whether or not Truckee shall be incorporated was filed at a recent meeting of the board. The supervisors took no action. In the meantime, it is reported, the original petition asking that the election be called is meeting with success and will probably be offered to the supervisors later this month.

Remodeling of the Casino theater at Tahoe Tavern was completed this week. The floor was raised and inclined.

### 50 Years Ago

January 8, 1920

Donner Parlor No. 162, N.S.G.W., has adopted a series of strongly worded resolutions in connection with that order's efforts in regard to curbing Japanese and other Asiatic penetration into California. Among other items of concern was that this "penetration" threatens the control of Asiatics of the food supply of the State of California, and the exclusion of the white race from agricultural and allied pursuits. The resolution asked the governor to call a special session of the legislature to adopt new laws in line with the spirit of the resolutions.

That the California Highway Commission does not intend to change its decision to build their highway over Dog Valley grade in preference to a route up the Truckee River is declared in a letter to Reno City Atty. Pike from Secretary E. B. Ellis of the California commission.

There has been but very little snow at Meadow Lake the past three weeks and only two feet near Cisco, but there has been a heavy north wind for the past few days, which has blown down several trees.

The following citizens from eastern Nevada County are among those on the panel of potential grand jurors for the next term: G. D. Oliver, W. F. Wilkie, R. C. Weeks, F. Finnegan, Mrs. Mary Cupples, Mrs. Maude Demney, R. O. Young and Joseph Sanders.

The building formerly housing Gene Behrun's saloon has been remodeled and opened by Mrs. F. A. Ashton as a candy and tobacco store.

Tuesdays and Thursdays - Men's Basketball. High School Gym.

Basketball League Games start on Tuesday, January 13. 7 and 9 p.m.

Cake Decorating Classes on Thursdays starting Jan. 22 - ten weeks. Please sign up at Rec. office.

Regular Board Meeting to be held January 8th at the Truckee-Donner Public Utility District building.

Dr. H. P. Topia  
Superintendent - 587-3090

## Court Cases In Truckee

The following cases were heard and adjudicated by F. W. Wilson, judge of the Truckee justice court.

Bror Johnson, Santa Clara, was fined \$302 for drunk driving.

Robert Pugh, San Francisco, was fined \$120 for reckless driving following a court trial. Thomas Vadney, Santa Cruz, was sentenced to 12 days in jail after pleading guilty to driving without a 1969 registration and for not have a side mirror.

Donald Andrews, Crystal Bay, Nevada, was fined \$360 for drunk driving.

Edward Dunnie, Sacramento, was fined \$24 for speeding. William Freeman, San Bruno, was fined \$24 for speeding.

Court receipts for the month were \$11,103. Total yearly receipts were \$107,717.11, exceeding the 1968 total by \$17,165.75.

# Truckee Tales

By BETTY KIELHOFER  
From some of the painful expressions, both visible and audible, many were in the same old 'day after' boat over the holidays. The parties came fast and furious!

Catching up a little (since my column went into utter confusion right along with everything else) -- we did attend the opening of the Coolie Corral and were amazed the way they completely ripped the place apart. Everything is changed and much roomier. The food portion wasn't fully complete that evening so didn't get the opportunity to sample their goodies, but I understand it is operating now and very tasty.

We also dropped back by on New Year's Eve and the place was really stompin'. The 'ky-lis' could be heard before you got out of the car. The thundering beat of the western band really 'eggs' them on. Party clothes are strictly out of place so when you visit there, don your western garb and join the theme. It's a good place to lose your inhibitions if you have any, providing you don't have a headache.

The Loren Russell home at Donner is nothing short of beautiful, done in the best of taste without sacrificing comfort. Their post-Christmas bash was just that, with everyone having a ball. Norma expressed a little unhappiness that her living room couldn't have been a teeny bit larger but with the over-all architect - designed arrangement, they didn't have any problem handling a large crowd. The fireplace is exceptional and the shag rug effect throughout very, very pretty.

After the Coolie Corral, Felicia Lomax was gracious enough to invite home and feed some of the last ravenous 'hanger's on' and we all went home to fall in bed around the hour of four a.m. Die? Yes, but for only a little while 'cause then it was time for one of those famous 'fizz' parties at an early eleven at the Ferraioulos' across the street, fixed by the able hands of Phyllis and, believe me, the icy goodness really helped. Enough of the parties, and for those we missed, like General American at the Pavilion, and the Neugerbauer's kind Sunday dinner offer, we're taking a rain-check for a get-together soon. Just gotta' recupe first.

Claudia and Walt Loynd were

doubly blessed with joy this season with the arrival of their second granddaughter, Susan Diane. Their daughter Linda (Mrs. Richard Ward of San Rafael) introduced the little miss Dec. 30 and she was a whopping 8½ pounds. Both Linda and grandma are doing fine.

Their second surprise was that their son, 1st Lt. Jimmy Loynd, was able to make it home for a few days from Ft. Eustis, Va., where he holds the position of Chief of Pharmacy. He returned through two major storms with wings icing so badly they were forced to lay-over in Baltimore nine hours waiting out. Scared but safe, all turned out well.

The Nelson Stones had some distinguished visitors over the holidays for skiing. They were Professor and Mrs. Zigler and their four children, John, Steve, Mike and Crissy. Professor Zigler teaches at the University of Oregon and Mrs. Zigler in the public schools.

Mr. E.E. (Tiny) Mercer has taken over the operation of the Capitol on Main Street. He has rented the Schooley house, Mr. and Mrs. Mercer had the food concession at Alpine for quite some time. He plans a number of changes in the Capitol but isn't quite ready to announce them as yet.

For Jim Walker's friends, Marge reports as of Sunday eve he is doing much better, thanks. He's in the Veteran's Hospital on Lucust in Reno, Room 268. Marge will let us know when he feels well enough to have visitors. The front street isn't the same without Jim out there sweeping so let's all send him a pretty card and let him know we miss his smilin' face.

Hazel and Alex Stewart are in their apartment in Honolulu and will remain there until Feb. 1. Then they plan to be off to Phoenix for the remainder of the winter. Says the weather is beautiful.

Lennie Finell and husband Bob sent word via Vina Clepper from Pasadena to say hello to everyone in Truckee. She is a dental assistant there. Vina met with them over the holidays. Lennie had a very serious back operation and was out of commission for six months but is just great now. We're glad to hear they enjoy the Truckee paper so much.

See you next week.

## Supervisors Studying Committee Policies

Citizens appointed to county commissions and committees are paid for attending monthly meetings, but the current board of supervisors has decided to review this policy and may reduce the number of groups entitled to per diems.

Discussion of this policy has been placed on the board's Jan. 13 agenda.

Under an ordinance established in 1968, members of specified committees and commissions are entitled to receive \$15 for each of their meetings with the chairman receiving \$20. Most such committees are allowed only one payment a month, although a few with heavy duties, such as the planning committee, can be paid twice.

These payments from the county are called per diems to separate them from salaries and forego the necessity of considering those citizens county employees.

The list of groups eligible for such payments has grown as new committees were formed, and a request by one of those new groups this week spurred the decision to review policy on this area.

The Historical Landmarks Commission, formed last April, requested it be recognized by resolution as an official county agency and that its members receive the standard per diem.

The board was reluctant to act right away, particularly on the pay part. First, Supervisor Dean Lawrence asked if this group's members would "forego per diem because we are short of money."

However, Chairman Willie Curran brought out the fact that the county's \$125,000 reserves have been depleted very little so far this fiscal year. By contrast, at mid point last year,

the reserves were down about \$50,000.

Sally Lewis, chairman of the landmarks commission, maintained that she cannot speak for all the members but "some are eager to have the per diem." She noted that members earlier voted down a proposal that they waive the per diem.

Several county - appointed commissions, such as the landmarks group, are creations of the supervisors. Others, such as the planning commission, must be formed in each county according to law.

Supervisor Robert Long suggested the Jan. 13 discussion, feeling board members should study this area and "spell out the program we are going to follow regarding payment to committees and commissions."

## Stops To Put On Chains, Hit By Another Vehicle

A man opening his car trunk to get his tire chains was injured last week on Highway 267 when another chainless auto slid into the car and knocked the man into a snowbank, according to the California Highway Patrol.

Donn Shearer, 25, Cupertino, had parked his car on the shoulder of the road when the mishap occurred. Reports indicate snowy conditions restricted the other driver's vision.

Shearer was taken to Tahoe Forest Hospital with a severe laceration of the lower lip and a knee injury, doctors said.

Both Shearer and Jose Rodriguez, 36, Woodland, were cited for not having chains on in a chain control zone, officers said.

"FASTER, DADDY!" - Dad and his favorite girl try out their new Christmas present on the Brockway Golf Course fairway in Kings Beach. Snowmobiling is fast becoming a popular sport for residents of the snow country of Lake Tahoe. - Sun Photo

## Big Torchlight Ski Parade Lights Donner Pass Road

Seventy five torchbearing skiers snaked their way slowly down Donner Summit on old Highway 40 Friday night, illuminating the craggy peaks and snow covered road, stretching 4 miles and dropping -200 vertical feet.

It was a cool 20 degrees with no moon to guide the party, only the flares and flashlights carried by the crowd of intrepid skiers. Leader Carson White gave the signal at 9 p.m. to his son Charlie to light the rockets signifying takeoff time.

The young eager ones sprinted off as if in a race. The course had been checked that afternoon by Vi White and Lauren and Randy Russell for safety. The skiers peeled off one by one down the old treacherous grade that had taken the lives of hundreds of motorists before the new Interstate 80

freeway was completed in 1960. The line of lights strung out 1 1/2 miles as the night skiers slid noiselessly downward. Spectators along the lake were awed by the sight. Older skiers would stop enroute and pause to admire the lake and Truckee lights below. All was serene.

A line of lights greeted the skiers at the end of the grade and the two snowmobiles commanded by Bob Tonini followed the last skier to the bottom at 9:30 p.m. No urging was needed to get them into Donner Lake Lodge for a glass of Glugg Wine. The party there lasted until late, with many tales to be heard on how they conquered the mountain that night.

Another night safari may be planned for Easter time if conditions are favorable. This event was the first of many attractions planned for 1970 by

the Truckee-Donner Chamber of Commerce.

## AWOL Sailor Tries To Take His Own Life

An AWOL sailor working in Squaw Valley attempted suicide by slashing his wrists with a razor Thursday following an argument with his girl friend, according to the Nevada County sheriff's office in Truckee.

Marvin Maynard, 22, a deserter from the Treasure Island Naval Station, San Francisco, was taken to Tahoe Forest Hospital for emergency treatment and then was transferred to the Truckee jail to await the arrival of a U.S. Marshal, officers said.

DUAL PURPOSE SLEDS - Paul and Cathy Short, Kings Beach, take time out from sledding on snow-covered Brockway Golf Course to enjoy a hearty lunch using their sleds as makeshift eating tables. - Sun Photo

# Scene On The Summit

By MARION YOUNG  
Not very much news this first week of 1970. The ice bags have been put away for another year along with the tree trimmings and the egg nog bowls. The unbreakable toys are broken and discarded and the kids are back in school. The longest two weeks of the year are over and we can settle down to cleaning up after the puppies that looked so cute sticking their heads out of the stockings' Christmas morning. Many a Mother or Dad has taken the death defying skid across the kitchen floor while investigating how their howling bundle of fluff has escaped the barcade at two in the morning. Speaking from experience, this is a trip one doesn't forget easily.

Beacon Hill Lodge gave a New Years party and from all reports it was up to the Eiselts usual great style.

The Rainbow Tavern rafters also rocked with merry making. The Hoosings are very good hosts.

Lucky and Carmel Gillett hosted a group of well wishers and every one there had a ball. Sounds like a successful New Years Eve.

Dick Goss was injured in a snowmobile accident. We hope he and the other parties involved are on the recovery road.

One thing we all have noticed on the county roads is well intentioned but foolish people taking their very young children for a sled ride. They get smack dab in the center of the road and seem to fall to realize that these roads are for automobile traffic and are not a playground. Be very careful driving, especially down old Highway 40 between Soda Springs and the area beyond the Donner Trail school. This was a real obnoxious course last weekend.

So glad to see the Jim Sheritts home again. Jim has been in the hospital in San Francisco for quite some time. Mrs. Sheritt tells me Jim will have to return to the hospital January 15. They are thinking of selling their home here as the altitude and harsh weather are just too much. Jim knows about the history of this area as he was born and raised here.

Good to see Bill Vail up and around again. With son Pat home to ease the load, Bill should be his old self again soon.

Bet Mr. and Mrs. Don Schwartz of the Sugar Bowl are bursting their buttons. Son Greg was among the five young men named to the 1969 All American Ski Team by the nation's college coaches. He was also named outstanding skier of the season at the Air Force Academy, elected team captain for 1969-70, and selected among the year's elite college athletes by a panel of coaches and physical education people. WOW!

## News From Floriston

By JUDY BARBEN  
Twenty to twenty-five locals who did not leave town for the holidays enjoyed a small New Years Eve Party in the old school house. These residents brought their own firewater and munched on buffet type goodies. Music was available for those who had a notion to twinkle their toes on the dance floor. At the bewitching hour the old school bell was rung and the town fire alarm was sounded, announced 1970.

Elmer Rusco, recently released from Washoe Medical Center, is reportedly doing well. Elmer had a hernia operation two weeks ago. Hope you have recovered, Elmer!

Judy Sligar, one of Floriston's many freelance writers, had one of her poems read on KOLO radio. Reno. Judy wrote an impressive Christmas poem that is sure to be recorded and loved by many.

Recent visitors to Floriston from Truckee were Mr. and Mrs. Alberto Lamas and sons who were dinner guests of the Lester Felesinas. They came to enjoy our Christmas lights and we hope that they did.

Goeschl's collie, Mame, gave birth to seven collie pups in the basement of the Rusco home! This would not be so bad except that Mame's mother, Mira, gave birth to 11 pups just a few weeks ago. Seven - eleven; Floriston's population has just had an explosion!

## Supervisor Hits Rate Setup

The policy by which electric rates are higher in sparsely-populated mountain counties than in urban centers was attacked by a Nevada county supervisor Tuesday.

The discussion occurred at the board meeting after a letter was read stating that Pacific Gas and Electric Co. has applied to the Public Utilities Commission for an increase in rates.

Joe Matthews of the local PG&E office said the increase will average nine per cent for all types of customers and is the first rate hike since 1957. Since there have been some rate decreases in the intervening period, the actual amount of increase is about 5-1/2 per cent over the 1957 level, Matthews added. He said the increase is

needed to provide a seven per cent investment return.

Then, Supervisor William Thomas said he "objects to the rate being higher here than Oakland." He said he was referring to Oakland only as an example of a metropolitan area with a lower electrical rate to customers.

Mathews explained that rates are based on density of population with areas in which people are highly concentrated getting lower rates.

Thomas countered by saying: "We have an argument that if you couldn't get your source of electricity from counties like Nevada, Oakland might not get electricity. I suggest mountain counties should not pay a premium for electricity because we are the source of this electricity."

## New License Plates Issued On New Registrations Only

Vehicle owners who renew their 1970 registrations are getting a one-by-two-inch orange sticker - not a new blue and gold license plate, Department of Motor Vehicles Director James W. Chapman emphasized recently.

He said many people have the erroneous impression that the department is making a statewide distribution of new license plates, such as occurred in 1956 and 1963.

"The transition from the yellow-on-black to the gold-on-blue plates is geared to the rate of replacement of old cars by new and out-of-state cars," he explained. "Seven years or longer may pass before the great bulk of vehicles carry blue plates."

Persons willing to exchange their present license plates for the new blue ones for a fee of \$3 may do so beginning March 1, 1970. "That date," said Chapman, "will put the present registration renewal season behind us, and we can then begin processing large numbers of license plate changes without swamping our staff."

Chapman urged all motorists to make early registration renewal their first order of business.

# Snow Talk

By VI AND CARSON WHITE  
Skiing conditions were from good to great on sugar powder and hard packed snow over the holidays and skiers were delighted to have enough to ski on. Of course, where slopes were well used those old rocks and stumps began to appear and dodging them became a problem along with dodging people.

While trying to avoid a rock in a mogul, Vi fell and started sliding down hill on her back and during the effort of getting her skin under her again, a tip dug in and she kept going and zap went the muscle in her leg, so now she's sitting with her leg propped up while writing this column. "No skiing" Dr. Brodie says, for at least 2 weeks. Might as well get out the knitting needles. Funny thing: after lunch we were heading back on the slopes and noticed a weasel coming along with the skipatrolman and an injured man, his face all bleeding, the toboggan and his wife were riding laying in the back. Vi mentioned to him that he ought to try skiing next time, it's safer. So who does he see coming into the Sugar Bowl Ski Patrol first aid room, but Vi with a swollen leg. There were a few laughs, believe me.

Most injuries coming into the hospital seemed to be from auto accidents, snowmobile and tobogganers, and less from skiing.

Hope you had a chance to watch the serpentine of flares and flashlights coming down old highway 40 on Friday night. About 75 skiers made the four-mile trip on the snow covered road. Among them were: Nick Santamaria from Donner Lake; Dennis Webb of San Francisco; Brev Sinclair, his children Sue and Cindy, of Donner Lake; Dean Stroepe and Cathy Whitaker of Boreal Ridge; Phil Sprang of Truckee; Ren, Pat, David, Randy and Lee Lawrence of La Jolla, who were spending

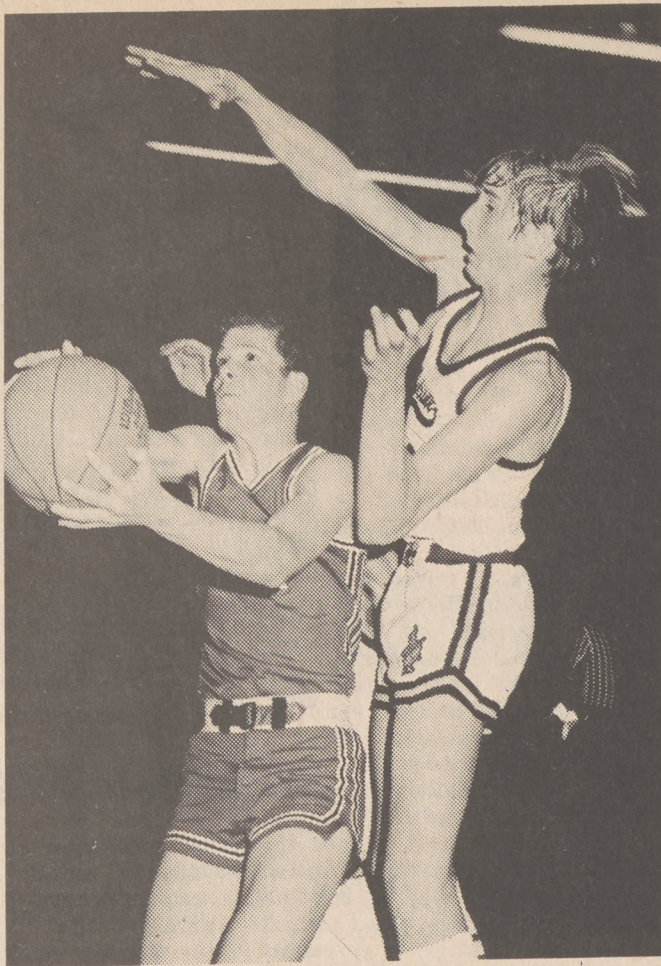

the week at the Truckee Hotel, Skiing at Squaw Valley; R. Spencer Allen of Serene Lakes; Michael McDaniels of Oakland; Dr. Bill Canihan and his 9 year old son, the smallest expert skier that made the trek, from Navajo and Sierra Meadows; Dr. Sobotnich, Bill Landrey, Larry Hazen, and Stan Labaren, all of San Francisco, staying at Donner Lake, had long sticks with flares attached so as not to burn their clothing; Dena Burnham of Oakland; Rich Sylvester of Squaw Valley; the Sonora group of the Dodge Ridge Ski Club; Ellie, Dick, Jane, and Christy Holman; the Donner Lakers, Randy and Russ Russell, with Carson and Charlie White; the Gotcha Ski Club of dentists, staying at Dr. Roy Cleghorn's cabin at Squaw Valley; Dr. Ed Enefer of Auburn; Dr. Ted Thom of Klamath Falls, Oregon; Dr. Bill Crill of Fresno; and Father Filmer of Vallejo.

Squaw Valley will have the Birthday Slalom this weekend, probably on the slopes of Siberia Bowl. The sanctioned FWSA race is for Senior A and Junior A racers.

The Olympic B team will be practicing at Mt. Rose this week. It is expected that the "B" team will be able to participate in national events even though funds are still needed. Tax deductible donations may be sent to the Far West Ski Foundation ("B" Team Fund), 812 Howard Street, San Francisco, Ca. 94103. The continuation of this team is very necessary to deepen the strength of our Olympic squad for the 1972 Olympics to be held in Japan, Please help.

Paula Page of Mammoth Lakes, Caryn West of Concord, Chris Olson of South Lake Tahoe, Cathy Joslin of Washington, Jenny Carson of Oregon and Dallas Dunlap of Wyoming are on the Women's team whose ages run from 16 to 18 years.

# TNT Third At Incline Tourney

**TIGHT SITUATION** - Guard Mark Wood felt slightly outmatched by this Incline forward but managed to slip away and set up a stronger attack which resulted in two points being added to the Truckee scoreboard. The Wolverines placed third in the first annual Incline Basketball Tournament last week. - Sun Photo

Tahoe-Truckee Wolverine cagers captured a third place in the Incline Highlander Basketball Tournament last week after losing to tourney winner Whittell High School, 66-39, and triumphing over host Incline High.  
Truckee used 29 points by senior Doug Lindsey to cinch the win over the Highlanders, 69-46. Thirteen of Lindsey's points came from the free throw line.  
The junior varsity Wolverines outscored Whittell Friday afternoon 72-36 and ran over South Tahoe High 68-25 to take that division of the tournament.  
Whittell took tournament top honors by overtaking South Tahoe, 63-53, in the second half.

## Killy Here For Filming Of TV Skiing Segment For CBS

Jean Claude Killy, the French ski great, will compete against top women racers this week on the slopes of Squaw Valley as part of the filming of one of eight television shows for a series entitled "The Killy Challenge" by CBS.

The FIS World Cup champion has already raced and beaten such skiers as Christian Pravda, ski school instructor at Angel Fire Ski Area, New Mexico; Stefan Kaelin, a Swiss pro; and Herman Goellner, a member of the Hart Ski Demonstration Team.

In these challenges, which also include background features and material on the eight competition sites, four nationally-known professional skiers vie for a chance to race Killy for a \$10,000 purse.

Competing head-to-head in slalom and giant slalom races, the four pros are eliminated down to a top challenger. The first two entrants out of the competition receive \$500. The third skier who is eliminated receives \$1,000 and the loser of the Killy Challenge earns \$3,500.

Challenges have the advantage of a handicap system, but through the four races Killy still reigns supreme with victories at Aspen and Snow Mass in Colorado, Park City in Utah, and Jackson Hole in Wyoming.

## Set Squaw Land Swap

Gov. Ronald Reagan's administration has completed details of a land exchange with the U.S. Forest Service in which the state will obtain 1,200 acres of property at the Squaw Valley ski lift complex.

Reagan's office said the acquisition will permit the state to move toward satisfying a 1967 legislative mandate calling for the sale of state-owned property and facilities used to stage the 1960 Winter Olympics at Squaw Valley.

To obtain the property as well as additional acreage at Plumas-Eureka State Park and at three upper Feather River reservoirs, the state will transfer a portion of its submerged and upland property at Davis, Antelope and French Lakes to the Forest Service.

The governor's office said ownership of the 1,200 acres was needed before the state can divest itself on its Squaw Valley holdings. Most of the states' ski lifts and facilities are located on the property. The lifts have been operating under a special land use permit granted by the Forest Service.

Deeds to the new state property will be presented to Reagan at ceremonies today in the governor's office.

Following the Squaw Valley filming the Frenchman will compete at Heavenly Valley at the South Shore January 11-14.

The new TV series will begin the first week in February on Sundays and will be sponsored by United Airlines, Chevrolet Corporation, and the Head Ski Company.

# Trem Talk

By SUSIE FISH  
Welcome 1970! We at TREM trust you had the merriest of holidays and hope that this new decade will bring peace and prosperity to all.

December 19, the Tahoe-Truckee Wolverines played Quincy in a literally smashing game. At 6:30 the J.V. bounced out on home court only to leave victoriously, 54 to 27. Then at 8 p.m. the varsity creamed the Trojans, 60 to 31.

January 2 and 3 the Wolverines played in the Incline Invitational basketball tournament. Friday night the J.V. played George Whittell and won 72 to 36. The varsity also played Whittell but lost, 36 to 64. Then Saturday night the J.V. played South Lake Tahoe and again won, 65 to 27. The varsity played Incline and won 69 to 46. Final J.V. placing shows Tahoe-Truckee in first, South Lake Tahoe in second, George Whittell in third, and Incline as last. Final varsity placement shows George Whittell first, South Lake Tahoe second,

Tahoe-Truckee third, and Incline fourth. In JV awards, Joe Kinzie and Cal Fette made the all-tourney team and for varsity awards, Jim Baxter made the all-tourney team.

Be sure to attend the Tahoe-Truckee, Colusa game at Sierra College this Friday night.

Over the holidays, we were pleased to see the new persimmon rust carpet had been installed in the senior and freshman halls, front and senior foyer, office, and library. The senior foyer has been redecorated and we hope everyone will take care and be considerate of school property. Also, for less confusion, the front office was encased in glass and paneling.

This Saturday the Tahoe-Truckee ski team, under the splendid coaching of Mr. Leon Lucchesi, will host the first meet of the year at Boreal Ridge. Hold a good thought for all of them and we'll be state champs again this year!

## Sierra's Lukewarm Cagers Start League Play Friday

Sierra College will open its 1970 Golden Valley Conference basketball season this Friday, Jan. 9, against the College or Redwoods Corsairs in Sierra's gym in Rocklin.

Although it is the conference opener for both colleges, the two have met on the hardwood

once this season, the opening round of the Golden Valley Conference Tournament.

Redwoods succeeded in knocking off the Wolverines in that one, 76-53, and went on to the finals of the GVC meeting before dropping a 78-63 decision to Butte College.

Sierra recovered after the Redwoods loss and captured the consolation trophy in the tournament.

Redwoods utilizes a deliberate style of basketball, slowing the game down to set up standard plays. Its style worked well against Sierra once before and coach Pete Mathisen will undoubtedly use it again. His cagers are led by Mike Bettiga, all-GVC tourney selectee, and Tom Pendergrass, the ball-controlling guard for the Corsairs.

Sierra Coach George Goto has had some fine play from Wes Ford the last two games as the sophomore from Del Oro High has hit in the double figures two games in a row.

Ford had 13 points and Ron Childs 14 as the Wolverines lost a 91-65 decision to Santa Rosa last week. The Wolverines came within four points with three minutes remaining and then fell behind when three starters fouled out.

Expected to see considerable action for the Wolverines in the GVC opener will be Childs, Ford, Ralph Rick, Steve Morris, Don Davies, Dave DeArco, Tony Gandara and Scott Winter.

## Moore Cards Hole In One

Bob Moore, purchasing agent for Truckee's Fibreboard Corporation, scored a hole-in-one on the 12th cup at Alta Sierra Country Club near Grass Valley, according to witnesses Ed Fraites, Dave Rose, and Eldon Tonini. It was said the golfball dropped right in the cup without a bounce on the green.

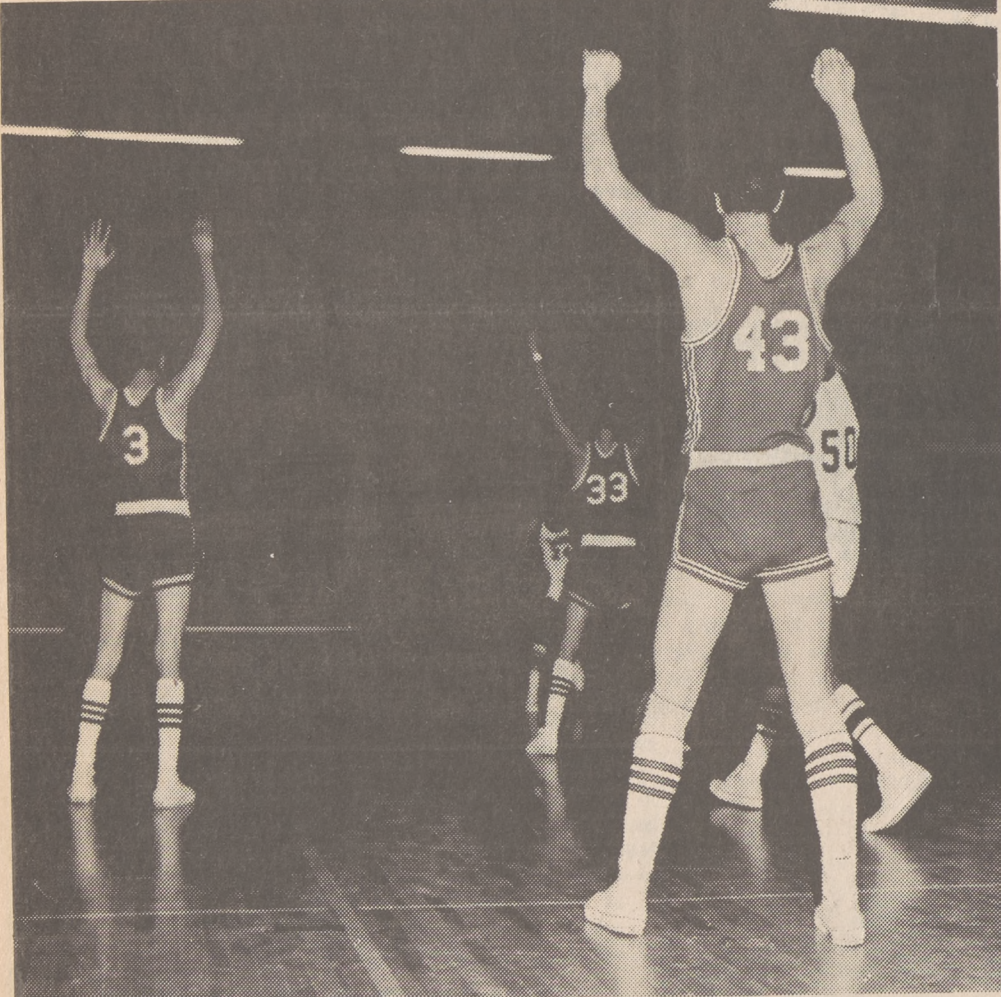

## Set New Attendance Records At Alpine Meadows Ski Area

A record number of skiers journeyed to Alpine Meadows Ski Area last week with a five-day average beginning December 30 of over 4200 skiers. Pre day near-perfect snow conditions and cold but clear weather was cited as the reason for the crowds.

Squaw Valley, Boreal Ridge Ski Incline, Homewood Ski Area,

### Logging Meet

RENO, Nev. (AP) - The 21st Sierra-Cascade Logging Conference is expected to attract 2,000 loggers, lumbermen and industry associates to Reno's centennial Coliseum Feb. 12-14.

**IMPRESSIVE TNT DEFENSE** - Guards Jim Baxter (3) and Doug Lindsey (33) join forward Chris Wiser (43) to blockade an Incline High offensive drive. The Wolverine squad overran the Highlanders, 69-46, in the Incline cage tourney last week-end. - Sun Photo

## West Shore Notes

By ELLEN ATTARDI  
Representing the North Lake Tahoe area at the Anaheim Sport and Boat Show this week is Ray Huston of Squaw Valley. Next week Ray will represent the Greater North Lake Tahoe Chamber of Commerce at the San Francisco Sport and Boat Show being held at the Cow Palace. Opening up the Chamber booth on Thursday at the San Francisco show will be Bill and Betty Layton.

Holiday guests of Faradg and Phyllis Gilan-Farr at their Highlands home were John Farrar, Don Timmer, Dave Smith, and Dave Sam Samiden, all of Marin.

Visiting with her mother, Mrs. Ruth Taylor, at her Tahoe City home over the holidays, was University of California at Berkeley student June Taylor. Skier June was not able to participate in her favorite sport of skiing while here since she suffered a dislocated bone on her first day home.

Dave and Dottie Edwards entertained a group of friends at a New Year's Eve party at their Dollar Point home.

Mrs. Louise Geier, long-time Tahoe resident who now summers here at her Tahoe Park home, underwent major surgery last month at an Arcadia hospital. Best wishes to Louise from her many friends here who were happy to learn that she convalesced rapidly and was able to spend the holidays with her daughter and family at their Arcadia home.

Enjoying a holiday visit to Vancouver, Washington, were Mr. and Mrs. Roy Mealey of Squaw Valley.

Gene Cline of Tahoe Keys entered Sacramento Medical Cen-

ter on Tuesday and will undergo open heart surgery at the Center on Thursday. Gene, with wife Shirley and daughter DeAnn, was a Tahoe City resident for several years. It is expected that Gene will be hospitalized for two weeks after surgery before returning to his South Lake Tahoe home.

Spending New Year's Day in Westwood was Mrs. Louise Scoville of Tahoe City. Louise much enjoyed a visit with her parents, Mr. and Mrs. Charles Oxford, and a reunion with other family members. The group celebrated the birthday of Mrs. Oxford with a family dinner party.

Holiday visitors of Mr. and Mrs. Bill Baxter at their Tahoe City home were Mrs. Baxter's parents, Mr. and Mrs. George Schwab of San Carlos.

Kathleen Noel Gruver, daughter of the David Gruvers of Tahoe Sierra Estates, celebrated her second birthday on Christmas Day. Joining in the celebration were grandparents Mr. and Mrs. William Gruver of Lafayette.

Max and Unis Hoff of the Chamberlands celebrated their wedding anniversary on New Year's Eve and they won't say how many years of wedded bliss

they've enjoyed - although Max insists it's less than a golden wedding anniversary while Unis claims it's more than a silver anniversary celebration.

Enjoying a holiday vacation at their Comstock Acres home were Mike and Jane Koll and two daughters of Berkeley.

Joe deArrieta of the Highlands, Tahoe - Truckee High School faculty member and varsity basketball coach, was a very excited spectator at the Cotton Bowl last week where he witnessed the great Notre Dame-Texas game.

Joe's brother Jim has been a star player and kicker for the Notre Dame team for the past three years. Joe joined a party of seven from Winnemucca, Nevada, for the game and included in the party were the senior Mr. and Mrs. Joe deArrieta and the Mayor of Winnemucca.

Entertaining a group of friends at a Twelfth Night party at their Dollar Point home on Tuesday evening were Arnold and Dottie Intorf.

Among the many thousands skiing the slopes at Squaw Valley last week were World Cup champion Jean-Claude Killy and well known entertainer Ed Ames.

Mrs. Faradg Gilan-Farr of the

Highlands had cause for a double celebration on New Year's Eve as she noted both her birthday and the coming of a new decade.

Right now is the time to make reservations for the 9th Annual SnoBall which will be held next Friday evening (January 16) at the Topaz Room of the Nevada Lodge. Reservations, at \$6.50 per person, may be made by phoning the Greater North Lake Chamber of Commerce at 583-3461 or writing the Chamber at Box 884, Tahoe City.

In addition to the selection of the 1970 Miss Sierra Snowflake, activities of the evening will include a sumptuous buffet, the awarding of prizes that includes a special prize of an 18-inch portable television set, and dancing to live music. Prizes will include an electrical appliance from Sierra Pacific Power Company, a season ski pass from the Squaw Valley Lodge, and a package of six dinners for two from the Chataux, the Christmas Tree, Cal - Neva Lodge, Riolo's, the Four Seasons and the Ore House.

Chamber president Gardner

Mein has announced that the arrangements committee is working diligently to assure a successful evening. Members of the committee are Marilyn Fugazi, Betty Layton, Maxine Olson, Barney and Eileen Wilen, Sharon Laferriere, Jan Collins, Carole Onorato, Dottie Intorf, Les Edinburg and Ray Huston.

### Suffers Injuries In Auto Mishap

Franz Fassbender, 29, Tahoe City, drove off highway 89 into a drainage area from an undetermined cause last Monday and suffered a severe laceration of his wrist, the California Highway Patrol reports.

The single-car mishap occurred near the Truckee River bridge south of the entrance to Squaw Valley, officers said.

**AMATEURS COMPETE** - A bright, clear sky and lots of snow last week attracted thousands of skiers to Tahoe area ski resorts. A new feature for skiers who like to race is the National Standard Race (NASTAR) program which was held at Boreal Ridge and Alpine Meadows January 1 and 4. A giant slalom course laid out on a moderately steep hill challenged many skiers of all ages to compete for gold, silver, or bronze medals. - Sun Photo

**FINISH LINE FALL** - After successfully weaving through dozens of flaged gates, this amateur racer takes a spill on the final turn before the finish line. Over 50 skiers participated Thursday in Alpine Meadows National Standard Race (NASTAR) hoping to earn a gold, silver, or bronze medal for completing the giant slalom course within seconds of a time set by a professional racer. - Sun Photo

## NASTAR Races On At Alpine, Boreal

The National Standard Race (NASTAR) program seems to have uncovered the hidden racer in the weekend recreational skier, according to Bob Beattie, former Olympic coach and now the NASTAR commissioner.

On New Year's Day 53 men, women, and children competed in the timed race at Alpine Meadows, skiing through a set of easy giant slalom flags on a moderately steep hill. Before the race began, however, a nationally-rated pacesetter ran down the course first to determine what constituted a good time given the conditions of the day.

After stopwatches were compared each amateur racer was given a rating, a figure which represents his percentage time in comparison to the "national standard," and a handicap.

It is expected that this year over 25,000 skiers will participate in the popular program.

Boreal Ridge and Alpine Meadows are two of 40 ski areas which will sponsor the race this season. An entry fee of \$2 is asked, and an additional \$1 for a second run.

# Review Master Plan For Tahoe Basin

RENO - The master plan for development of the Nevada side of Lake Tahoe Basin was presented at a working meeting of the Reno Press Club Monday.

Raymond M. Smith, contract planner for Nevada, stated he wanted to give the plan as much public exposure as possible since it will go before the Nevada Tahoe Regional Planning Agency (NTRPA) Jan. 21 for its final public hearing.

The Nevada Master Plan as approved by NTRPA must be law by Feb. 19, according to Nevada edict.

Smith told press club members he hoped the plan, a result of a \$42,000 study by his firm, would be adopted by the agency intact.

Major criticism of the Nevada plan comes from owners and developers of multiple-zoned areas within the plan's jurisdiction, principally at

the Incline Village and Zephyr Cove areas.

"Opposition to the Nevada plan comes from land developers and speculators," Smith told his audience. "They purchased land based on the theory that they could develop up to 22 units per acre and we have cut this almost in half."

Maximum building density under the plan presented by Smith would be 12 units per acre.

"The original 1980 plan envisioned a population of 104,000," Smith stated, "however, our in-depth study based on ecological factors shows us no more than 50,000 people total can be safely tolerated on the Nevada side of Lake Tahoe."

The maps, as presented by Smith, showed the major part of Nevada's side of Lake Tahoe to be unsuitable for high-density development.

"There are only two areas

where high density population loading is feasible," Smith said. "That is at Incline Village on the north end and Zephyr Cove-Steteline area at the south end. Therefore, the 50,000 population cut had to come in these two areas."

Boise-Cascade Corp., representative, Vaughn Burlingham, was present at the meeting.

"Since the map is likely to become law and will limit our development of units 7, 8, 9 at Incline Village, is it not ineffectual a zoning map?" Burlingham asked the planner.

"This is not a zoning ordinance," Smith replied. "But counties within its jurisdiction will have to adopt zoning ordinances within 90 days of the plan's adoption to comply with its scope."

"That means you have zoned us out of an investment our company made in good faith," Burlingham told Smith. "We have developed a model community that is matched by no other at Lake Tahoe and we are being unjustly penalized by this arbitrary 12 units per acre figure."

Boise-Cascade and other developers will have a final chance to have the plan amended at the Jan. 21 hearing at 2 p.m. at George Whittell High School, Zephyr Cove.

At the question and answer session following the meeting, Smith told the assembled reporters, "There is virtually no more development possible in Nevada."

"After Boise-Cascade finishes Incline Village sometime next year and the Steteline area finishes the developments now underway or approved, major development of high density, multiple-zoned construction will be finished on the Nevada side," he said. "All that will be left will be some 5 to 8-unit per acre development and the rest will be extremely low unit per acre single family development."

"With development cut off, and land around the lake at a premium," one reporter asked, "Where will the poor people live? I mean the ones who have to work for a living and can't afford the \$40,000 to \$60,000 homes?"

"Land values have already soared past the point where any low-cost mass produced housing is feasible on the Nevada side," Smith replied. "Workers in low cost housing will have to live out of the basin, say in the Minden-Gardnerville area or possibly in Martis Valley."

The Nevada plan will hold until the California-Nevada Tahoe Regional Planning Agency supersedes it with basin-wide controls expected some time this year.

"This plan sounds like a good one," a reporter told Smith, "but how do you enforce it?"

"Beats the hell out of me," Smith replied. "My job is to present the best plan I can, how you enforce it is somebody else's headache."

## LEGAL NOTICE

a verified protest with any office of the Department of Alcoholic Beverage Control, within 30 days of the date the proposed premises were first posted, and, if the grounds for denial are provided by law, The premises are now licensed for the sale of alcoholic beverages. The form of verification may be obtained from any office of the Department.

## NOTICE OF RECORDING OF ASSESSMENT

NOTICE IS HEREBY GIVEN that on the 22nd day of December, 1969, there was recorded in the office of the Director of Public Works of the County of Nevada, State of California, an Amended Engineer's Report, Assessment and Assessment Diagram to represent the cost of the improvements and acquisitions in Glenshire Units No. 1 & 2 Assessment District, County of Nevada, State of California, which proceedings were taken pursuant to the provisions of the Municipal Improvement Act of 1913:

NOTICE IS HEREBY GIVEN THAT:

All sums assessed in said Assessment are due and payable immediately and became due and payable on the 22nd day of December, 1969.

Payment of said sums is to be made to:

County Treasurer  
County of Nevada  
County Courthouse  
201 Church Street  
Nevada City, Ca. 95959

Within thirty (30) days of the recording of said Assessment, which said date was the 22nd day of December, 1969.

Serial bonds representing unpaid assessments, and bearing interest at the rate of seven per cent (7 per cent) per annum, will be issued hereunder in the manner provided in the Improvement Act of 1911, the last installment of which bonds shall mature fourteen (14) years from the 2nd day of January next succeeding the next September 1st following their date.

Dated: December 22, 1969

# Halt Tahoe Kokanee Plants

The planting of hatchery reared kokanee salmon fingerlings into Lake Tahoe has been terminated in order to avoid the possibility of overpopulation and stunting of the fish.

The action was agreed to by the California Department of Fish and Game and the Nevada Game Commission after checks of this year's spawning fish produced indications that the fish may be decreasing slightly in size. Tahoe is noted for large kokanee.

Fishery biologists said that the size of fish - which has ranged up to 4 1/2 pounds in Tahoe - appears to be closely tied to their abundance and that stunting might occur if the Tahoe population becomes too large. There is, however, no significant decrease in the size of Tahoe kokanee as yet.

Ben Glading, manager of DFG's Region 2, said counts of this year's kokanee spawning run indicate in excess of 40,000 adult kokanee salmon entered Taylor Creek, a tributary to Lake Tahoe in November in their annual spawning run. This is one of the largest runs

on record for the stream. An additional 20,000 to 30,000 fish spawned in the lake along the shore in water 3 to 15 feet deep.

Glading pointed out that kokanee populations have stunted seriously in a number of other California waters - Almanor, Trinity, Donner, Pardee, Bucks, Echo and Independence lakes - and there is a possibility of stunting at Lake Tahoe also. "To avoid this possibility, the Nevada and California Fish and Game Departments have jointly agreed to terminate the planting of hatchery reared kokanee in Lake Tahoe," Glading said.

"There remains, however, the possibility of excessive natural reproduction in the lake and tributary streams may result in over-population and stunting," he said. "A close check will be kept on this situation and if it develops a program of limiting natural reproduction will be started."

Kokanee were introduced into Tahoe in the early 1950s. The large Taylor Creek spawning runs developed in 1963, and the lake has provided an out-

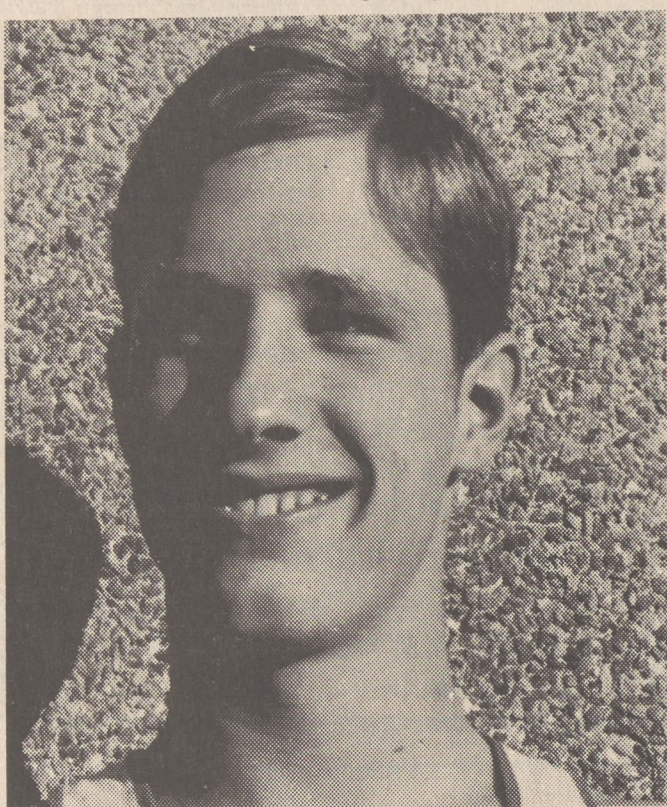

standing kokanee fishery during the past three years. So far wild fish have supported the fishery almost exclusively.

The two Fish and Game Departments stocked 3 million fingerlings in 1967; 1.5 million in 1968 and 1.6 million in 1969.

Glading said that kokanee populations have stunted seriously in a number of other California waters - Almanor, Trinity, Donner, Pardee, Bucks, Echo and Independence lakes - and there is a possibility of stunting at Lake Tahoe also. "To avoid this possibility, the Nevada and California Fish and Game Departments have jointly agreed to terminate the planting of hatchery reared kokanee in Lake Tahoe," Glading said.

"There remains, however, the possibility of excessive natural reproduction in the lake and tributary streams may result in over-population and stunting," he said. "A close check will be kept on this situation and if it develops a program of limiting natural reproduction will be started."

Kokanee were introduced into Tahoe in the early 1950s. The large Taylor Creek spawning runs developed in 1963, and the lake has provided an out-

WOLVERINE HOPEFUL - Coach Joe de Arrieta said Bob Sargentini is a strong athlete and a fine shooter on the varsity cage squad this season, and next year should prove to be a top player. The six-foot junior is the Wolverine's first substitute guard. He has played varsity football and JV basketball while at Tahoe-Truckee High School, and is the son of Mr. and Mrs. Nilo Sargentini, Kings Beach.

## Share Snow Responsibility

The snow that floats down from the sky is God's responsibility; but the snow that is shoveled to the side of the road by a plow may be the county's responsibility.

So ruled County Counsel Leo Todd - very unofficially - during a discussion of snow removal last week.

Actually, Todd was quite reluctant to rule on the question at hand - whether the county is liable when its snowplows pile the white stuff in front of driveways. As a snowplow clears a street, the snow is pushed to the side and often covers driveways along the way.

Supervisor Dean Lawrence had asked for an opinion on that point, noting that there might be a legal question as to the county's responsibility if people had an emergency and could not get out because snow was piled up. She said the case that prompted her question involves a private road, "on which many live and many have medical problems."

Todd said he is "reluctant to rule on the possibility the county would be liable. Then everybody would insist driveways be plowed." He added that Public Works Director Harry Hider feels it would be "almost impossible" to clear all driveways as well as roads and

streets.

The county spends in excess of \$100,000 a year on snow removal.

Todd said he cannot predict what a jury would rule in a case in which the county had piled snow in a driveway.

Then he added:

"We are not responsible for snow, but once we move the snow, we may well be responsible for it."

## Nevada Ends Plane Search

RENO - The Nevada Wing of the Civil Air Patrol has suspended its search for a small aircraft missing since Dec. 27 when it failed to arrive at South Lake Tahoe Airport at South Lake Tahoe on a flight from Sacramento.

A CAP spokesman noted the search is continuing in California.

The airplane was believed piloted by Jerry Weiss, of Fullerton, Calif., who had an unidentified passenger. A South Tahoe Airport control tower spokesman noted the plane was last heard from at 2:30 p.m. Dec. 27 when the pilot radioed he was 10 miles west of Lake Tahoe at 11,500 feet.

The liberal, straightforward Capp-Home Purchase Plan makes it possible for everyone to own a beautiful new home at a low cost!

**CAPP HOMES**

the leader in pre-cut homes for 24 years

**HAS FINANCING for EVERYONE**

**7 3/4%**

ANNUAL PERCENTAGE RATE

Professional men, farmers, and workers of all income levels, with large and small families, take advantage of Capp-Home financing. You can, too!

THE MADRERA - 28' x 32' 2-story, 20' x 14' 1-story, 8' x 20' porch, 4' x 32' porch, 20' x 20' garage. 100's of other plans, or use yours.

WE DELIVER ANYWHERE, ERECT THE HOME OF YOUR CHOICE ON YOUR LOT AND FOUNDATION AND FURNISH COMPLETE FINISHING MATERIALS FOR INSIDE AND OUT - AT A FIRM PRICE!

You can include Plumbing, Heating, Kitchen Cabinet and Wiring packages. You save by doing the easy finishing work - or by sub-contracting.

## LEGAL NOTICE

**NOTICE OF SALE OF PUBLIC PROPERTY AS SURPLUS**  
TAHOE FOREST HOSPITAL DISTRICT

TRUCKEE, CALIFORNIA  
NOTICE IS HEREBY GIVEN THAT Tahoe Forest Hospital District will receive sealed bids for the sale of the following item of property, previously declared surplus:

One 2' x 2' x 2' safe with extra interior security compartment. Combination locked. No representation, warranty, or guaranty is given or made as to the age, state of condition or state of repair, or in any manner whatsoever affecting the item sold, other than that ownership thereof is vested in Tahoe Forest Hospital District.

Bidders may examine the equipment by contacting the administrator of the hospital, and sale shall be based on sealed bids mailed and delivered to and received by the administrator, as purchasing agent for the hospital, on or before the hour of 10 o'clock A.M. said day, at which time and place bids will be opened and declared, and sale of the property hereinabove described shall thereafter be made to the highest and best bidder, within ten days of the date of bid opening.

There is hereby established as a minimum bid the sum of \$50.00 cash, and all bids for purchase must be for cash, payable concurrently with award, and the District reserves the right to reject any and all bids or waive any informality or irregularity in the bid, or bidding procedures. All bids must be accompanied by deposit equal to not less than ten per cent (10 per cent) of the amount bid, which deposit shall be in the form of cash, or cashier's check, in favor of Tahoe Forest Hospital District.

## Trimont Names DeBacker

The appointment of George H. DeBacker as vice president of Trimont Land Company has been announced by company president Ronald C. Anderson.

Trimont is a wholly owned subsidiary of Fibreboard Corporation, a San Francisco based packaging and forest products manufacturer. Trimont will acquire portions of Fibreboard's extensive land resources for development, including a residential - recreation complex on a 25,000-acre site in the North Lake Tahoe area.

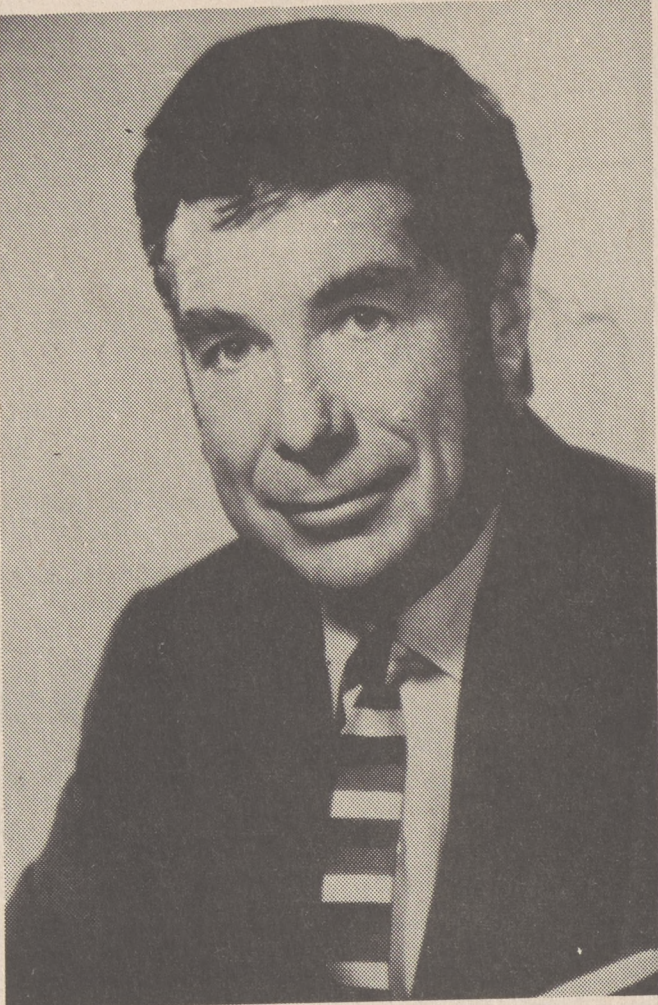

DeBacker, 39, came to Trimont from Mililani Town, Oahu, Hawaii, where he was vice president and general manager of the 3,500-acre Oceanic Properties project.

Previously, DeBacker spent

three years with El Dorado Hills West, Inc., a 9,800-acre planned community east of Sacramento. DeBacker also spent four years with Janss Investment Corp. where, as general manager of their recreational facilities, he was responsible

for development and management of the Las Posas Country Club in Camarillo and the Conejo Village Bowl in Thousand Oaks, California.

DeBacker is a native Californian. He and his wife, Veni, reside in San Francisco.

GEORGE H. DEBACKER

## Set Confab On Youth Center

A panel of experts on the organization and operation of youth centers in California and Nevada will discuss their experiences and problems on that topic at a public forum January 9 at the Olympic Village conference center, Squaw Valley, beginning at 8 p.m.

It is hoped by members of the North Tahoe and Truckee-Donner community that a teen center, or centers, can be provided soon for the young people of Tahoe - Truckee High School, as well as Tahoe Lake, Kings Beach, Truckee, and Donner Trail elementary schools.

Presently Dale Freeland, chairman of the Tahoe Youth Committee, is busy converting the "Old Frontier" building in Tahoe City to a youth center, utilizing volunteer labor and materials from both adults and teenagers. Ice skating and dances will be among the first activities at the recreational facility.

Also in November a public meeting was called by the Truckee - Donner Recreation and Park District to discuss possible plans for using Truckee's Hilltop Lodge as a center for youth activities.

## Snowmobile Collision Hurts Man And Three Youngsters

Three youngsters and a man were injured in a near head-on collision of two snowmobiles New Year's Day near Norden, with one boy, Daniel Waller, 12, Truckee, suffering a fractured skull in the mishap, according to John Waller, the boy's father.

Dick Goss, Soda Springs, was

driving the other snowmobile when it struck the Waller snow vehicle, which was carrying two other passengers. The injured passengers were Jackie Waller, 14, and Kathy Osburne, 16.

Doctors at Washoe Medical Center in Reno report the Waller boy would be released Tuesday.

## North Lake Tahoe Chamber Pot Shots

By BETTY LAYTON

SNOBALL: - whether its a beauty pageant, queen contest, pick-the-prettiest, or whatever you choose to call it, it is still a community service project that the chamber perpetuates through the years. Although the chamber hasn't always been the sponsor of the event, the Snow Queen Contest at North Lake Tahoe dates back to the early 1930's. At that time locals competed with the Sacramento and Auburn area contestants. How many times in a girl's life does she have a chance to display her beauty and project her strong points and talents? It's a character building experience for the girl, and the three top winners receive sizeable cash awards and all the girls receive trophies. It's a fun event for the spectators, a proud moment for the sponsors and parents, an unforgettable experience for the contestants, and a labor of love for the committees who do countless hours of "behind-the-scenes" work.

Don't miss this year's Snowball January 16. We'll come closest to topping Art Linkletter's Master of Ceremony wizardry of a few years ago. Paul Speigle is a real professional and can top anyone the chamber will ever be able to obtain. The girls are all exceptionally lovely this year. Send in your reservations early.

The Snowmobile meeting last week at the Airport produced a few committee chairmen: Chairman, Dan Rose; Course, Gene Tompkins, Ron Kirby, Jim Emerick and Pat Kirby; promotion, Jerry Johnston and Herb Crenshaw; spectator and Driver safety, Ella Mae Porter; trophy, Jim Emerick; announcer, Art Kennerson.

## Wins Slalom

ABELBODEN, Switzerland (AP) - Karl Schranz, Austria's high-flying ski wizard, says being No. 2 isn't bad... but there's nothing wrong with No. 1, either.

Other committeemen will be chosen at the next scheduled meeting, January 12. These people will be assisted by many others who will stage the races February 7 and 8. Those present at the meeting voted to have the races sanctioned by the United States Snowmobile Association. This will make it possible for those racing to receive points toward an overall season championship. It also requires that all racers be members of the U. S. S. A. Entry forms are available at the chamber offices and at the local snowmobile dealers.

The chamber is temporarily sharing an office in Incline Village with the North Tahoe World and in an effort to get better acquainted with the Incline and Crystal Bay members, the chamber held an open house Wednesday, Jan. 7.

The chamber executive committee will meet Thursday the 8th at the chamber office and the next regular meeting of the chamber will be Thursday, the 15th, in the Squaw Valley Lodge Palm Room for lunch. All members are invited and guests are welcome.

FRIENDS BOTH STRANDED - Larry Herdman, 17, left, and his neighbor, Bill Johnston, 17, both of La Habra, waited out the afternoon Friday high above Squaw Valley. Herdman was a passenger in the aerial tram and Johnston on the Headwall chairlift when a power failure stalled the lifts. (Story and Photo on Page 1).

## Named To Crime Group

Carl Shaff, principal of Incline schools and Deputy Dee (Mrs. Dorla) Kruse have been named to the newly formed 20-member Lake Tahoe Crime Studies Committee. Carrol T. Nevin, director, Nevada State Commission on Crime, Delinquency and Corrections, made the announcement.

California and Nevada each is appointing 10 members to the committee which will attempt to define mutual problems and outline solutions for those problems.

Other members are Assemblyman Lawrence Jacobsen of Minden; Principal William Wright of George Whittell High School; Jay Hill of the security department, Harvey's Wagon Wheel; Lt. Robert Kellerer of the Washoe County Sheriff's Office at Reno; Undersheriff, George Brautovich of the Douglas County Sheriff's Office; Frank Sullivan, Chief Washoe County Juvenile Department; Thomas Carrigan, chief, Nevada Division of Narcotics and Dangerous Drugs; William Furlong, chief deputy city marshal, Carson City.

## New Instructors And Classes At College

Registration was Monday and classes started Tuesday this week as Incline's Sierra Nevada College opened its doors for second quarter classes.

master guitar on Saturdays from 1 to 4 p.m. Goebrien and Loyd will teach beginning guitar on Wednesdays from 2 to 5 o'clock.

The accredited college which officially opened last fall is located at 800 Campbell Road. Both full time and part time students are being accepted on a limited basis.

The president announced several new instructors and classes have been added this quarter. Returning and adding a master piano class to his previous courses is Dr. Uriel Itenberg. The master pianist is termed by fellow musicians as the world's greatest authority on Bach.

New on the faculty this quarter are guitar concert artist Duane Eddy, guitarists Joe Goebrien and Randy Loyd, artist E. Dewey Turner and photographer John Corbett. Eddy, who has just released a new hit recording, will teach

Versatile and nationally known artist E. Dewey Turner will teach five arts classes: painting, Tuesdays, 6:30 to 10:30 and Wednesdays, 1 to 5; drawing Tuesdays, 1 to 5 and Wednesdays 6:30 to 10:30; master class in fine arts to be included. He has achieved notoriety in portraiture, landscape, seascapes, still life and murals.

Corbett, a veteran of 40 years as a shutterbug, will teach two classes in photography on

Thursdays from 3 to 6 and from 7 to 10. Corbett has achieved success in commercial artistic, motion picture and new photography. During the last war he developed an X-ray technique for inspecting shells and bombs which earned him a civilian citation.

## Incline Hosts First Tourney

Incline Highlanders were hosts last weekend for their First Annual Incline Basketball Tournament for both varsity and junior varsity play.

In junior varsity ball, Truckee won with a 68-25 verdict over South Tahoe. Whittell edged Incline 44-41 for third place.

Varsity play found the Whittell Warriors upsetting favored Tahoe-Truckee, 66-39 in the Friday opener. They broke open the championship game with South Tahoe in the third quarter Saturday night to win the tournament 63-53.

Incline's Randy Muntifer was named to the all-tourney team along with Whittell's Dennis Andrews and John Weiss; John Phenix and Ray Keen of South Tahoe, and Jim Baxter of Tahoe Truckee.

## Motorist Hurt

Richard Olds was treated and released from Tahoe Forest Hospital last Wednesday after sustaining apparently minor injuries following an accident at Highway 28 and Northwood in Incline Village.

Deputies at the Washoe County Sheriff's Incline Substation report Dale Hallgren was cited for failure to yield the right of way as a result of the accident.

Varsity Game - Incline's Randy Muntifer didn't make the basket on this shot during Friday's Incline Tournament varsity game when Incline lost to South Tahoe 57-76. However, Randy did make several - and wound up high man for Incline with 13 points to his credit in Saturday's games. - Sun Photo

## Editorial Review

Echoes of a good year foretell even further progress in 1970 as 1969 closed with giant strides having been taken on the Nevada shores of Lake Tahoe.

Perhaps the most amazing "stride" was the emergence from obscurity of a single word which came to dominate conversations, considerations and conservation in regard to Lake Tahoe. It was the word "ecology." (And if your dictionary is old - look under "oe.")

For those of us who had never been exposed to the word, contexts of its usage soon made its meaning clear. While ecology certainly appears to be a necessity of our forward march from here on out, let us hope that extremists both "fur" and "agin" its consideration, will, in their very extremism, balance the scales for a realistic progress.

And perhaps the single most important step, long-sought and finally achieved, was creation of the Tahoe Regional Planning Agency, a bi-state planning agency for Lake Tahoe which became a reality when President Nixon last month signed the bill passed by both houses of Congress.

Economically and recreationally speaking of Nevada's Tahoe shores in 1969, the Nevada State Conservation & Natural Resources Department opened an enlarged and considerably improved San Harbor State Park on the East Shore....

The Kokanee salmon converged on Crystal Bay and Incline shores by the hundreds and chose Incline Creek to go up to spawn. Given an able assist by volunteers from Incline Village, Inc. and the Nevada Fish and Game Department, the run was revealed by fisheries head Tom Trelease as undoubtedly being the successful result of a Kokanee planting on the North Shore some four years ago....

The Nevada Highway Department completed relocation of Highway 28 through Incline Village on what was formerly Tahoe Boulevard to bring villagers

mixed blessings (?). It left for a time a school crossing without signs (now signs and flashing yellow lights alert motorists) and a confusing off-and-on-ramp intersection of 27 and 28 which finds motorists still turning east onto Highway 27 up the 27 off ramp to northbound 28.

Even with signs and flashers, accidents still happen at school crossing with the ninth since school began occurring just under the 1969 wire on Dec. 31. While none have involved a pedestrian yet, any could have been disastrous for a person crossing the street on foot. Here's hoping that 1970 will bring signal lights and the pedestrian overpass that is the only safe final solution for school children crossing a highway with such heavy summer and winter tourist traffic....

Sierra Nevada College opened its doors last September offering a limited registration of 50 students accredited four year courses and degrees.

This year, pre-registration figures indicate a registration of about 75 students, a gain of 50 per cent and almost maximum for the college which prefers to remain small.

With the advent of the college, all levels of education were made available in the immediate area within the comparatively short time of eight years;

It was eight years ago that Incline grade school opened with 41 students and three staff members. Two years ago, Incline High School opened for junior and senior high students with 189 registrants;

There are now 399 youngsters in the grade school and 302 in the high school grades seven through 12. Thirty-one teachers and administrators staff the two schools;

For a community (Incline Village) which itself is only 10 years old, this must be some kind of a record....

Cal Neva Lodge opened a newly built addition which houses a health center, banquet rooms and added 200 hotel rooms to existing cottages and chalets....

Kings Castle began construction on a \$16 million addition to be completed by summer which will include an 850 seat theater restaurant featuring top name entertainment, two other restaurants, bars and casino as well as a lounge theater;

Not to be overlooked is KC President Nate Jacobson's investigation of plans for the \$50,000 Snowmobile Grand Prix scheduled at Incline for February. Sanctioned by both the United States and Western snowmobile associations, the event will be international in scope.

Ski Incline added two new chair lifts, opened the top-of-the-lift Snowflake Lodge daily and rang out the old year with an estimated 2300 to 2500 skiers on the slopes during the last Sunday of the old year....

Incline Village, Inc. completed a new "executive" golf course with greens and fairways already planted on which play is expected to begin this spring....

Incline Village Improvement District got underway on its \$2,500,000 sewage export service system.

There were, of course, many more contributions to the economic and recreational picture too numerous to mention.

As to forecasts, rumored plans for expansions of both the North Shore Club and Crystal Bay Club did not quite jell in 1969, but may well do so in this new year starting a whole new decade.

Much more is planned for 1970. Most will be tempered by the newly created Tahoe Regional Planning Agency as it gets organized and underway. The rest is up to us.

Office space to share. One desk space. Central Incline Village location. Attractive rental. Write Box 742, South Lake Tahoe, Calif. 95705.

## Behind The Scenes

NUMEROUS PRIVATE PARTIES AND SIX BIG PUBLIC PARTIES AT INCLINE AND CRYSTAL BAY NEW YEAR'S EVE DREW HUNDREDS OF VISITORS AND RESIDENTS TO CELEBRATE THE PASSING OF THE OLD YEAR AND THE BIRTH OF 1970 WHICH USHERED IN A WHOLE NEW DECADE.

ALL THE PUBLIC PARTIES REPORTED A COMPLETE "SELL-OUT." EACH FEATURED "THE BEST DINNER ANYWHERE," ALL KINDS OF HATS AND NOISEMAKERS, AND MOST PROVIDED ENTERTAINMENT AND DANCING.

FOR GUESTS IT WAS A BALL.

BUT BEHIND ALL THE GUESTS WERE THE HUNDREDS OF WORKERS NECESSARY TO PROVIDE THE FUN AND RELAXATION. NONE OF IT WOULD HAVE BEEN POSSIBLE WITHOUT THE COOKS, WAITRESSES, CASHIERS, HOSTESSES, MAITRE D'S, BUS BOYS, PORTERS, CASIO AND MAINTENANCE CREWS AND MANY OTHERS TOO NUMEROUS TO MENTION.

FOR ALL OF THESE IT WAS THE BUSIEST SHIFT OF THE SEASON. FOR MANY THE SHIFT EXTENDED INTO HOURS OF OVERTIME.

BUT DESPITE ALL THE HARD WORK, EVERYONE DONNED HATS OR CROWNS TO ENTER INTO THE SPIRIT OF A HILARIOUS AND HAPPY NEW YEAR. THIS YEAR, THE INCLINE SIERRA SUN BONANZA SALUTES THE NEW YEAR'S EVE CELEBRANTS BEHIND THE SCENES.

COUNTING OUT CHANGE - Cashier Colleen Fitzgerald always has a smile for Nevada Lodge coffee shop patrons but on New Year's Eve her smile was particularly broad as she made change for Lee Burge of Crystal Bay and Reno. - Sun Photo

LAST MINUTE FLURRY - Waitress Alice Bauer, known to many in this area for years, is flanked by busboys Gordon Forsythe and Randy Destruel. The trio rushes to complete set-ups for guests already arriving to celebrate the New Year's Eve at Kings Castle Hotel and Casino. - Sun Photo

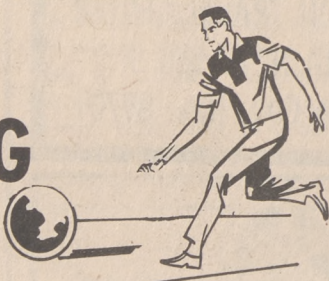

'MAKE MINE RARE' - Maitre d' Aubrey Egolf, right, found there was still Baron of Beef left after celebrants enjoyed the midnight buffet at a just-reopened Crystal Bay Club. With Aubrey is Barney Wentz, one of the club chefs. The club opened at 4 p.m., Dec. 31 after its annual two months "vacation" and just in time to add glitter, sparkle and more fun to Crystal Bay and Incline New Year's celebrations. - Sun Photo

### Ski Thefts

Deputies at the Incline Substation of Washoe County Sheriff's Office report a rash of ski thefts from automobiles. They advise residents and visitors alike to remove skis from their cars and store them in the house or motel room when cars are unattended. Motorists are also advised to store purses and other equipment left in cars in the trunk.

### Snowmobile Grand Prix Is 'Draw'

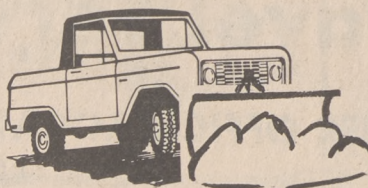

Entries are pouring in for Kings Castle's \$50,000 Grand Prix Snowmobile Race to make this the first event in an annual winter festival at Kings Castle. The Incline Boosters Club is sponsoring a Snowmobile parade, where the Snowmobile Queen will be crowned.

Every major manufacturer of Snowmobiles is sending a legion of drivers and friends to this, the largest Snowmobile race ever sponsored in the world. Results at West Yellowstone, where the last major event was

recently held, saw Polaris run away with most of the divisions. The other manufacturers are working hard to overcome this and it should be very interesting to see what Ski-Doo, Snow Jet, Rupp, Arctic-Cat and the rest come up with in the way of competition for the Kings Castle Grand Prix.

It is true that Mel Larson will race in this event and it is heard that Woody Held has announced that he also will race.

Everything connected with this race points to a big event with Incline Village as the host City. Don't forget the date Feb. 26 to March 1, 1970.

OFFICIAL "GREETERS" - Ready to greet guests at The Chataux are club accountant Janice Ash, John Szlavik and Janice's daughter, Peggy who was home from Florida University for the holidays. Peggy acted as official hostess for the evening. Szlavik, general manager of recreation facilities for Boise Cascade's Incline Village, Inc. is wearing his "Confrerie De La Chain de Rotessier," considered the highest honor that can be bestowed upon hotel and food professionals. The "chain" was awarded him by the oldest gourmet society in the world, established in 1248 in France. - Sun Photo

'AFTER THE BALL' - It's 5 a.m. on New Year's Day and Cal Neva Lodge casino dealers Joan Robertson of Tahoe Vista, Esther Silvers of Kings Beach and Suzie Reynolds of Incline Village relax over a cup of coffee. - John Corbett-Cal Neva Photo

### Hearing Set

The second and final public hearing on the Nevada General Plan by the Nevada Tahoe Regional Planning Agency will be held Thursday, Jan. 8 at 2 p.m. at Whittell High School cafeteria. The plan is expected to be approved by the agency at its Jan. 20 regular meeting.

NTRPA legal counsel Dick Hanna said he has asked Gov. Laxalt to delay the organizational meeting of the new bi-state agency until after the Jan. 21 meeting in order that the Nevada General Plan may possibly be adopted. This would then be effective until the bi-state agency could adopt a general plan of its own.

Hanna said it would probably be March before all the necessary steps are taken for the bi-state agency to operate.

# Over The Back Fence

By FLORENCE BURGE

That one minute commercial seen during the Dec. 28 CBS telecast of the Cleveland-Dallas football game and again last Sunday during the National Football League title game between Minnesota and Cleveland, will run again March 1 and March 8. It will be during "The Killy Challenge" series starring Jean-Claude Killy.

The commercial already viewed was filmed at Reno and Lake Tahoe as a joint effort by the Reno Chamber of Commerce and United Airlines to promote air travel to area skiing. The March segments will be filmed at Squaw Valley and Heavenly Valley.

Another big boost to skiing particularly on the North Shore was Al Greenberg's "A Reno Vacation" story in January issue of Ski Magazine. Greenberg wrote his story after visiting Reno and Tahoe as a skier at the invitation of the Reno chamber. He plugs the area as "one of the best places in the United States (if not in the whole world) for a ski vacation."

In another excerpt from his story Greenberg writes... "if we use as criteria: accessibility, cost, variety and quality of skiing terrain, and particularly the variety and quality of after-ski entertainment, a damned

good case could be made for the proposition that Reno is THE best ski vacation center in the world, bar none."

--- Incline's Dee Kruse was among the women deputies from the Washoe County Sheriff's office honoring Maude Nelson at a luncheon last Tuesday in the Mapes Hotel Coach Room at Reno.

Deputy Maude, who has "mugged" and taken fingerprints of thousands of Nevada casino workers in the sheriff's office identification bureau, retired after 11 years of service. The gals presented Maude with a lovely picture of her home.

After getting back to the office Maude was surprised again by co-workers with cake, ice cream and a number of "going away" presents. Highlight of this party was when Sheriff C. W. (Bud) Young presented her a certificate "In Recognition of True and Faithful Services as a Deputy Sheriff."

--- Preservation of historic Nevada and posterity will get a big boost with the latest project of the University of Nevada Alumni Association. The group plans to restore the first building on the campus - 83-year-old Morrill Hall - by keeping its exterior intact but complete-

ly rebuilding its exterior. Alumni committee chairman for the project is Virginia (Mrs. Clayton) Phillips and cochairman is Alice Savage Taylor. Other members of the committee are William Thornton, Milton Sharp, Doug Byington, Bob McDougough, Frances Crumley, Rene Zimmerman, Myneer Walker, Hank Clark, Jim Botsford, Jim Bailey, Harry Frost and Tom Wilson.

Virginia said specific plans are not yet off the ground but the intention is to revamp the interior in the decor of the Comstock Lode era complete with 19th century furnishings - as much the way it was when the U of N was founded as is possible.

Alumni hope to include banquet and dining facilities as well as a large reception room on the main floor with offices and meeting rooms upstairs.

Morrill Hall was built by the then low-bidders, Burke Brothers of Reno for \$12,700. Cornerstone ceremonies held Sept. 12, 1885 drew numerous Renosites as well as some 100 persons traveling from Virginia City and Carson City on a special train over the Virginia and Truckee Railroad. It was completed and occupied by February of 1886 to house the Department of Physics and Chem-

istry, the president's office, a modern language classroom on the first floor. Classrooms and "Old Room 6" for meetings, debates and literary society meetings filled the second floor. The Commercial Department and the third floor while chemistry and assaying laboratories occupied the basement. ---

Congressman Walter Baring's fall newsletter which reached Nevadans along with the season's greetings late last month notes that among bills he has introduced to the House of Representatives are:

A bill to make it a Federal offense to transport narcotic drugs across state lines. "This is a bill with some teeth in it, as a life sentence would be meted found guilty of transporting drugs," said the Congressman; A second bill on pornographic material which would allow the receiver of the literature to return it to the post office, which, in turn would return it to the original sender. The sender then would be charged for all the mail handling and administrative costs, thus cutting down the flow of the material.

Regarding the Vietnam situation, Baring deplors the eight year involvement with its losses of lives and the former handling of the entire situation. But he says "an immediate withdrawal of all our troops is impossible."

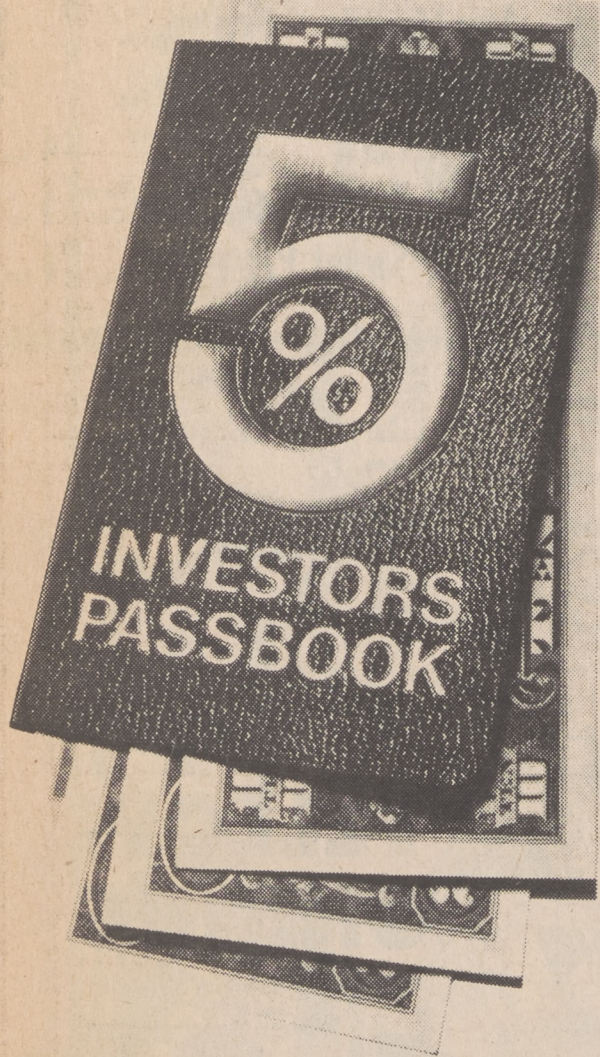

VOLUNTEERS ON THE GO - Incline Ski Patrol (ISP) members Sherman Seiders, Gall Michael, Gary Gianelli and ISP Leader John Poochoff prepare to get into the Tucker SnoCat Sunday, Dec. 28 as a volunteer ground party went up above Incline Ridge in search of a possible downed airplane. Also aboard were Wally Rothgeb and sheriff's deputies Jim Trackwell and Bill Worthington from the Incline Substation Washoe County Sheriff's Office. The search and rescue party spent 4½ hours searching rugged windswept and clouded terrain before darkness and weather caused the search to be called off. Deputy Dick Stein, accompanied by Deputy Ron Garner, volunteered to search by plane Sunday when the craft was reported missing and possibly down in the area.

Stein in his plane and a Civil Air Patrol plane continued the search Monday. The Ski Patrol as well as members of the Washoe County Search and Rescue Unit stood by Monday until the search was called off. It was discovered that a rocket had been shot off in the area which witnesses and search teams at first thought might have been a plane in trouble. Boise-Cascade made the SnoCat and the expert ski personnel available for the emergency during which Luggi Foeger and John Szlavik as well as other personnel also assisted.

ANYONE FOR TRAVEL? - Office manager Waunita Sharman of Incline Travel Agency, 899 Tahoe Blvd., Room 6, Mrs. Sharman has had 15 years in the field. Company President George Hartwell, who also has the Carson Travel experience Center at Carson City and Tahoe Travel Agency at south shore, said the office is open Mondays through Fridays from 9 a.m. to 4:30 p.m. - Sun Photo

## New Interest in passbooks at Bank of America

### 5% Investors Passbook Account

The conditions are quite reasonable. A minimum of \$500 opens an account. Additional deposits are made in \$100 amounts or more. Interest is paid every calendar quarter. You can withdraw interest during the first ten days of any calendar quarter. The same goes for withdrawal of principal. Providing, of course, it's been on deposit a full calendar quarter. A 90-day written notice from you will also release funds, should you wish to withdraw them.

5% Investors Passbook account is just one of many Personal Choice Savings accounts available at Bank of America, the bank that has your best interest in mind.

# Experts Ponder Mystery Of Flu Epidemic

WASHINGTON (AP) - Government disease detectives are trying to solve a year-old influenza mystery: why did six states essentially escape last winter's raging epidemic of Hong Kong flu?

If they could crack it, the solution could have worldwide significance.

They said so Thursday in reiterating their confidence the United States will be spared any nationwide epidemic of flu this winter, despite the mounting influenza crisis affecting wide areas of Europe.

Indeed, the medical experts said, it's unlikely there will be more than sporadic or limited outbreaks in America, like some that have occurred already in Alaska and Puerto Rico.

Recalling last winter's epidemic of Hong Kong flu that sickened many thousands of Americans and killed at least 3,800, the experts said they are puzzled by questions like these:

Why were six states — Mississippi, Oklahoma, Texas, Wisconsin, Nebraska and Hawaii — virtually by-passed by the wave of Hong Kong virus, technically known as A-2-1968?

And will those same states have the same experience again — although now theoretically susceptible to sporadic outbreaks from this year's reappearance of the same virus?

Most residents of the other 44 states are now temporarily immune to the wily microbe, simply because they were infected last winter.

In contrast, last winter's epidemic struck relatively few people in Europe, thereby leaving thousands vulnerable to attack this winter.

It is possible the six by-passed states will essentially escape again this winter for the same still undetermined reason they did a year ago, said Dr. James O. Mason, deputy director of the U.S. Public Health Service's Communicable Disease Center (CDC) in Atlanta, Ga.

But he indicated, in a telephone interview, that it's perhaps more likely that "sporadic outbreaks" of flu will occur in those states as well as individual communities throughout the country that were virtually untouched by last winter's scourge.

"These are the things we are trying to understand about influenza," he said. "We really don't understand how or why it spreads in the fashion it does."

"Indeed, the biggest mystery about last winter's epidemic of Hong Kong flu is this:

"Why did a lot of Europe escape infection and excess mortality from the disease while the

United States, at the same time, had major outbreaks, with an excess of deaths? Both parts of the world were, in theory, equally susceptible to the Hong Kong virus which represented a new mutant strain of influenza virus."

In the United States this winter, Mason said, there may also be "sporadic outbreaks" of another type of influenza called Type-B — in communities relatively untouched by this type last winter.

Type-B, which mainly affects school-age children, is one of several forms of traditional influenza which cropped up periodically long before the so-called Asian and Hong Kong strains appeared.

As for the current situation in the United States, Mason gave this rundown:

— There already has been considerable illness in parts of Alaska, with several outbreaks confirmed as Hong Kong flu and the rest rated as flu-like ailments.

"But it's interesting to note," he said, "that the outbreaks

have occurred primarily in communities not affected last year."

In the continental United States, there have been a few confirmed cases of Hong Kong flu in Connecticut; one in New York; and "small outbreaks of flu-like illness in three counties of West Virginia and the Des Moines, Iowa."

Smog Control Backed

LOS ANGELES (AP) - "Control of the motor vehicle has been a colossal failure as far as the health of our people is concerned," says Los Angeles County Supervisor Warren M. Dorn.

Dorn's statement was in support of a six-point program for 1970 calling for tougher state laws on auto smog emissions and for elimination of lead from gasoline.

The program urged by Dorn and his fellow supervisors would require, among other things, that hydrocarbon emissions from internal combustion engines or cars, trucks and buses be reduced to below 50 parts per million of air.

Those failing to comply would be required to convert to or be replaced by natural gas or steam propulsion. Pollution inspections of all vehicles would be made at least once a year.

LOS ANGELES (AP) - "Control of the motor vehicle has been a colossal failure as far as the health of our people is concerned," says Los Angeles County Supervisor Warren M. Dorn.

## Anti-War Stance By Pope Seen

VATICAN CITY (AP) - If Pope Paul's New Year plea for peace is any indication, he is likely in 1970 to continue vigorous personal gestures to help end the world's wars.

One gesture may be a symbolic "peace trip" to Hiroshima, Japan, site of the atomic bomb explosion. Or the pontiff may make new personal efforts to get Nigerians and Biafrans to the negotiating table.

In 1969, the Pope renewed his long-standing offers to help in achieving what he called "reconciliation" in Vietnam and the Middle East. His Vatican relief agency, Caritas, shipped and flew millions of dollars in medicine and supplies to the sick, the wounded and the homeless in those areas.

Pope Paul traveled for the first time to Africa, and in Uganda he met separately with Biafran and Nigerian delegates in an effort to get negotiations started again. He obtained only vague promises from both sides.

During the holiday season, Pope Paul expressed in several pessimistic speeches his frustration at not achieving results. World leaders—especially those of the major powers—bore the brunt of the blame.

These actions have led some observers to conclude that the Pope may be reverting to the role of a critical observer, rather than that of a participant in world affairs. Many, however, think he will not give up the personal diplomacy that has marked his 6 1/2-year reign.

Peace "concerns leaders, especially those invested with international responsibility," he said again on New Year's Day, during a "Day of Peace" Mass celebrated in a Rome church.

He ended his New Year's observations on peace with a prayer to God which took the form of a confession of humanity.

"Lord," the strongly worded prayer began, "our hands are still bloodstained from the last world wars, so that not all peoples have yet been able to take each other's hand in friendship."

He warned that "the terrible increasing danger of a world conflagration demanded the banishment of war from the earth."

# Business Booming In Ski Fashions

By BETTE KNIGHT  
SAN FRANCISCO - For the first time in history of the American Designer Series, an entire fashion show is dedicated to a single sport activity - skiing.

No longer just a healthy winter sport, skiing is fast becoming one of the nation's leading

vacation and social activities. Next year five million Americans will visit the growing number of posh ski resorts across the country.

Five million Americans will be planning ski vacations, ski weekends. Anyone wondering what to wear? White Stag, oldest and largest skiwear manufacturer in the hemisphere, is ready.

The news in ski sweaters is exciting. They are long and lean. Some are tunic length and double as apres ski sweaters. While textures are varied, the smooth double knit is the

fashion favorite. The ski sweater is the catalyst that ignites the color tie between pant and parka, adds warmth and drama to the ski outfit. All-over stripes and placement stripes are bold and fashion-right and contrast trim treatments are definitely "in."

# Meat Is High On Food Budget For Americans

Americans spend a whopping 28 per cent of their food dollar on meat, according to a recent survey by Supermarket Institute. The next highest expenditure is 19 per cent for fruits and vegetables. Other protein sources such as fish and poultry attract only 6 per cent. "This may be changing, according to Booth Fisheries, a large producer and processor of frozen fish and seafood. Booth marketing experts see the present increase in fish consumption (up 1/2 pound per person in USA this year) as a possible consumer reaction against spiraling food prices, especially meat prices.

# High Altitude Gardening

Washoe County Extension Horticulturist

By JOHN H. PURSEL  
Washoe County Extension Agent  
Nineteen hundred and Sixty-nine

has come to a close and if you are like me you can generally look back on it as a good year, and I certainly hope that the New Year and the new decade will treat you well.

Each year at about this time I remind our property owners about the Nevada Division of Forestry's windbreak tree program. This is a particularly worthwhile program, especially in our state where the addition of trees is so noticeable. I must point out that the trees available through this program are not for ornamental plantings. You should see your local nurseryman for this kind of stock.

Windbreak trees are planted to protect soil, crops, livestock and homes or other farm buildings from high winds. In summer you can protect gardens, orchards, and field crops from drying winds and reduce wind erosion. In the winter months they help control drifting snow, reduce cold winds, and protect stock. Windbreaks also provide food and cover for wildlife, particularly song birds and small game birds. Wildlife plantings can be made along reservoirs, ditches, lanes, fence lines, field borders and other areas that are generally non productive.

It should be remembered that in order to give the best possible protection, windbreaks must be dense enough to reduce wind velocity. Every windbreak should include one or more rows of evergreens for winter protection and at least one row of deciduous trees for maximum summer protection and it's a good idea to plant deciduous trees one or two years in advance of the evergreens because evergreens need shading during the hot, dry summer months of the first year.

More than 86,000 trees were handled through the windbreak program last year and I understand that the Nevada Division of Forestry has received orders for more than 30,000 trees to be planted in 1970.

Another thing that I am told is that the evergreens are more plentiful this year than in past years. Out of the 25 species available, four are evergreens. They are Sequoia, Scotch Pine, a hybrid Jeffery Pine, and a hybrid Monterey Knobcone Pine. The Monterey Knobcone is a new one this year. It is said to be an extremely fast growing tree and should do well in nearly all parts of the state. In California older trees have grown as much as 8 feet in one year.

# Take Tip from French, Pound Round Steak and Top with Cheese

Start with beef round steak, pound it, braise to fork tenderness, sprinkle with grated cheese and you have Beef Steak Fromage.

Steak what? Fromage! It's the French word for cheese, hence appropriate for these individual servings of round steak that come to the table crested with cheese to provide a flavorsome entree.

According to Reba Staggs, home economist for the National Live Stock and Meat Board, beef round steak is frequently separated into its different muscles and sold as top round and bottom round. These cuts can be used for Steak Fromage, allowing 1 1/2 to 2 pounds of either for the one large round steak.

**Beef Steak Fromage**  
1 large beef round steak, cut 1/4 to 1/2 inch thick  
1/4 cup flour  
1/2 teaspoon salt  
1/4 teaspoon pepper  
1/4 teaspoon garlic salt  
3 tablespoons lard or drippings  
3/4 cup water  
1/4 cup chopped onion  
1/3 cup grated Cheddar cheese  
2 tablespoons chopped parsley

Remove bone and pound steak to 1/4 to 1/2 inch thickness. Cut steak into 4 to 6 pieces. Combine flour, salt, pepper and garlic salt. Dredge steak in seasoned flour. Sprinkle any remaining flour over steak. Brown in lard or drippings. Pour off drippings. Add water and onion. Cover tightly and cook slowly 1 to 1 1/2 hours or until tender. Sprinkle cheese and parsley over meat. Cover and heat 2 to 3 minutes longer or until cheese is melted. 4 to 6 servings.

# Lake Echoes

Now that the "Savage Sixties" are over perhaps we may all settle down for a decade of "Sensible Seventies!" -quoting a dear friend of ours. So, Happy New Year, all!

Welcome to Reno for Gwen and Art Wood who have moved down from Incline Village. However, they will continue to maintain their townhouse at Incline commuting to various activities there. Art is starting a venture of his own in Reno which will keep up his interest in business.

Good luck, Art, and happiness to you both in the new home.

Lassie and Silky, sent their best "paw" print greetings, thru Betty and Rudd Weatherwax, from Van Nuys. They still hope to return to Tahoe for filming the TV show - but when?

Rose and Jack Mintz send greetings to Tahoe friends from Los Angeles. Jack is now retired - he was a producer for Jerry Lewis for many years.

Sara Jo and Ivan Lemoine, Tahoe Vista summer residents, are busy in Yuba City but find time to wish their friends the best New Years ever.

Cloud Rim Ranch at Fort Jones is home base for the Friden clan - Sandy in Spain, Charles in Mexico, Kim and Sandra newly wed, and William, Ted and Jim, still at home with Jane and Stan.

Kathleen and Eduard Robert and sons, Pierre and Renee, are at Sky Blue Waters at their Kings Beach resort from Petaluma for the holidays. Twins, Jill and Judy, are still in France in school. Renee is home from Naval Air Force at Pensacola and returns after the holidays.

The Truckee Chapter No. 116, Order of Eastern Star, 1970 year book has been received from Inez Jordan of Incline Village who is this year's worthy matron. One of the interesting facts given is the names of the fifty year members - Catherine Patterson, Daisy Poppe, Pearl Snyder, p.m., Jennie Watkins, p.m. and Ella Stolzner.

Inez has some marvelous workers to assist her for this year and as events occur they will be reported. The first is for Jan. 13 when honor line officers' initiation will be held and Barbara Shane will be chairman. Tahoe Vista's Louise Anderson is secretary to whom dues are payable! Bud Mandeville of

Incline is worthy patron and we wish them all success in their busy year.

Norma and Guy Wilson and children, Shelley and Scott, of Agate Bay spent the Christmas Holidays with her parents and sister at Modesto.

Audrey and Jim Brehler and children, Bill and Steve, of Agate Bay are enjoying a visit from Audrey's mother, Mrs. Charles Worth of Twenty-nine Palms.

Georgia Burris, daughter of Ruth and Woody Burris of Incline Beach, enjoyed a skiing vacation at Aspen, Colo. during the holidays. It was a fun trip for Georgia who arrived at Aspen via Chicago - due to weather they had to bypass Denver and Georgia had her first visit to Chicago. She caught quite a flurry among the snow flurries there, as she was dressed for skiing and carried her equipment!

She arrived home for Christmas with the family, parents, sister, Laura, and Phyl and Joe Burris.

Gerry and Lloyd Cross and Tom of Incline Village welcomed Gerry's son, David Reed, of Buffalo for the holidays. David is rapidly recovering from a serious accident which occurred last summer and a happy Christmas was celebrated at the Cross home.

Darlyn and Jack Knorpp and children, Scott, Jon and Tami, of Incline Village were San Rafael visitors to Darlyn's parents, Mr. and Mrs. W.H. Miller. The occasion celebrated the ninth birthday Dec. 22 of Tami.

We were sad to learn of the death of Dewey Hamilton of Kings Beach and Yuba City on Dec. 27. She maintained a home for many years at Kings Beach.

Butch Hill of Santa Barbara and Marlie and Bill Tessler of Reno spent Christmas with their mother, Virginia Hill, at Incline Village. Virginia just returned home after a trip to Denver to visit her daughter and husband, Elaine and Clark Weaver, and their daughter, Kelly.

Carol Hensley, daughter of Bern and Jack Franklin, of Incline Village has joined the staff as receptionist for Dr. Allen Sklar at Incline. Nellie Porath, long-time Kings Beach resident,

is on the staff and lone-time Kings Beach resident, Louise Antillon, is office nurse.

Mr. and Mrs. Paul Mally of Carson City, Mr. and Mrs. Frank Capriotti of Reno, Joan and Billy Mally and children, Karen and Jeff, joined Bern and Jack Franklin and daughters, Carol and Fae, for Christmas Day and dinner.

Sgt. Paul Franklin is on his R&R in Hawaii and his wife, Sandi, enplaned to spend Christmas week with him. Paul and Sandi phoned the Franklins and Sandi's parents, the Wally Whites, Christmas Day.

AND, congratulations to Bern and Jack who celebrated their 26th wedding anniversary on Dec. 11 with dinner at the Chataux.

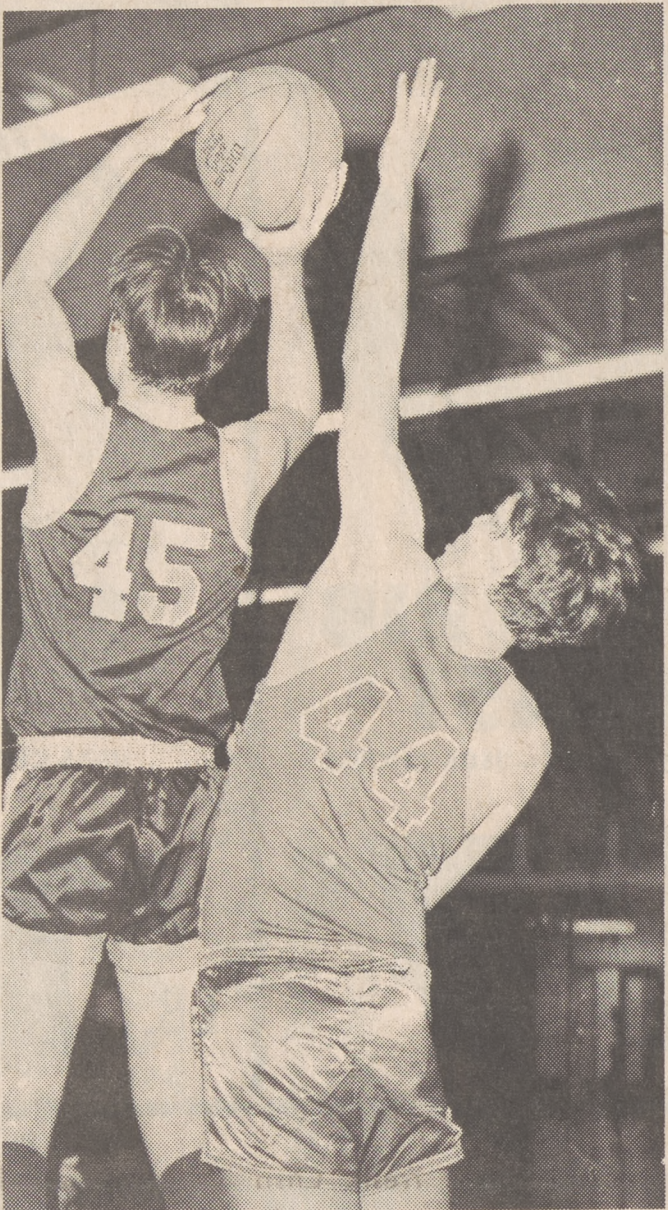

Linda and L.J. Robinson and daughter, Lorie, and Shirley

and Craig Robinson and children, Jamie and Tony of Incline Village, spent pre-Christmas weekend with Shirley's parents, the Jack Taylors, at Stockton.

Shirley and Craig entertained at Christmas for Linda and L.J. and baby, Lori, Shirley's brother, Kenny Taylor of Truckee, Craig's mother and husband, Gwen and Art Wood and Gary and Pat Wood.

Velda and Jack Farris and Jack's mother, Pauline Fleming of Reno, spent the Christmas holidays with the Farris' daughter and family at Riverside; Sandi and George Pergin and children, Gina and Georgiana. They also visited other relatives in the area.

Upon returning to Incline the Farris' welcomed Velda's mother Edie May White of Huntsville, Texas for a visit.

## Diana Rigg In Picture

Diana Rigg, famous as the Emma Peel of TV's "The Avengers," makes her first appearance in a major motion picture as James Bond's girl friend in the Broccoli-Slatzman presentation "On Her Majesty's Secret Service," now playing at Cal Neva Celebrity Theater.

New Ian Fleming tale was written for the screen by Richard Maibaum and directed by Peter Hunt. It stars George Lazenby, a handsome Australian, in his first motion picture role, that of the indomitable Bond.

A CRY FOR HELP - Young Eve Plumb appearing as Margaret Ord, is taken in by neighbor Leona Miller (Julie Harris), when her mother disappears. They are interrogated by Lt. Dan August (Christopher George) in "The House on Green Apple Road," which has its world premiere on "The ABC Sunday Night Movie," Sunday, Jan. 11. Miss Plumb appears as a regular member of the Brady family on the ABC Television Network's "The Brady Bunch" Fridays.

#### Impromptu Solo

Surprises are a regular part of "The Merv Griffin Show," weeknight series on the CBS Television Network, and one occurred recently during the series' latest visit to Hollywood. Peter Graves, regularly the stoical Jim Phelps on the "Mission: Impossible" series, informed Griffin that he had been a musician before becoming an actor. Without a warm-up or rehearsal, Graves borrowed a clarinet from orchestra leader Mort Lindsey and performed a solo with the band that brought down the house.

## Horseless Carriage Days Revisited

That colorful and adventurous chapter in man's love affair with machine - the era of the earliest, most primitive horseless carriages - unfolds on the hour-long ABC News color documentary, "The Golden Age of the Automobile," airing Tuesday, Jan. 13, it has been announced by Thomas H. Wolf, ABC news vice president in charge of Television documentaries.

During the leisurely latter part of the 19th century a new device became reality almost simultaneously in far-removed corners of Europe and America - one which would change not only

the lifestyles of hundreds of millions of people but would also result in a dramatic alteration of the landscape itself.

From its tentative beginnings in the workshop of German Karl Benz, the then-called "velocipede" grew in power, size and importance, but remained a toy of the rich until Henry Ford's mass-production techniques made it an integral part of the American society. Today, the automotive industry which grew out of those early days is responsible for an estimated 100 million vehicles traveling 4 million miles of paved roads.

Produced by John H. Secondari Productions, Ltd. in association with ABC News, "The Golden Age of the Automobile" documents the development of the motorcar from a mechanical curiosity to a luxury to a virtually indispensable component of 20th-century living.

Included in the documentary is film footage of many of the classic cars which have live on in legend and "period" re-creations capturing the flavor of their eras. Among those automobiles featured are the Packard, the Stanley Steamer, the Mercer, the early Cadillac,

Oldsmobiles, Chevrolets and, of course, the ubiquitous Ford Model T.

The program takes the viewer on an automotive adventure highlighted by the historic 1908 overland race from New York City to Paris. That historic contest, pitting six racers from Germany, France, Italy and the U. S., was won by an American Thomas Flyer, which covered 13,341 miles in 88 driving days.

Of particular interest to the safety-conscious automobile owner of 1970 are the laws and statutes of the early 1900s.

## Waterfront Investment

**WATERFRONT LOTS:** Dillingham Land Corporation's new financing program will allow you to acquire Lake Tahoe waterfront property at payments and terms you can afford.

**INVESTMENT:** We have a comprehensive waterfront investment portfolio you will want to read which will explain tax shelter, property management, income and appreciation potentials.

**YOUR VACATION WEEKEND:** You will want to see this program in action. Your next weekend at Lake Tahoe could be as our guest at Tahoe Keys.

MAIL COUPON FOR DETAILS.

# Roger Miller--Full Of Music, Humor And Fun

Roger Miller is at his best just being himself—full of song, free-wheeling, humorous, affable.

Miller was exactly that—himself—and more opening weekend in Harrah's Tahoe South Shore Room.

The popular country and western singer successfully completed four performances Jan. 2-3 before responsive, capacity audiences in the Tahoe theatre-restaurant.

Miller winds up his two-weekend engagement Jan. 9-10 along with the Doodletown Pipers and the Volantes.

The Doodletown Pipers are a fresh and versatile group, consisting of ten boys and ten girls. The group has logged numerous television appearances and traveled the demanding nitery circuit.

Scott Beldin and Don Thompson comprise the Volantes, a unicycle team, who combine rare balancing talent with daff comedy.

Anthony Newley moves into the South Shore Room Jan. 16-17, making his second appearance in less than two months. He will be followed by Vikki Carr, Jan. 23-24, and Totie Fields, Jan. 30-31.

The Erick, Oklahoma-born Miller sang his way out songs opening night, that on the outside appear whimsical, but at closer inspection hold philosophies camouflaged with laugh-provoking words.

Miller won over his audience quickly and easily with his loose and earthy format. He cleverly hazed people from all walks of life, but kept himself as one of them.

He pokes harmless fun at everything, including himself. To assure satisfaction for the Miller devotees, his songalogs included the long list of identifiable, among them "Dang Me," "Chug-a-Lug," "King of the Road," "Engine No. 9," and "England Swings."

Then there were the silent

moments, which the audience shared because even his silences, with head half bowed and eyes clouded with some personal thought, had meaning.

Whatever he did, or said, kept the audience entranced. Those in the 750-seat room didn't dare turn away for a minute for fear of missing something hilariously funny, or a bit of wisdom.

Comic Ronnie Schell, who bills himself as "America's slowest rising comedian," added his nimble and witty touch to the Miller show.

Schell's humor was zippy and right on target. His pantomime skit was a howl, and literally greased the audience's funny bone.

The talented Maggie Banks Dancers and the Brian Farnon Orchestra balance the upcoming weekend bill. Two shows will be offered nightly, an 8:15 p.m. dinner show and midnight cocktail performance.

ON STAGE AT HARRAH'S - Popular country and western singer-composer Roger Miller opened in Harrah's Tahoe South Shore Room last weekend and will conclude his engagement this Friday and Saturday, Jan. 9-10. The Doodletown Pipers and the Volantes will appear with the Miller show.

## Ed Ames Heads Guest List For Lennon Show

"Jimmy Durante Present the Lennon Sisters Hour" is a potpourri of song and comedy Friday, Jan. 16, with singer Ed Ames, comedian David Frye, and pianists Ferrante and Teicher as guests.

The show opens with Jimmy 'Raffles' Durante, the infamous cat burglar who has terrible problems because of the hundreds of cats he steals each week.

Jimmy introduces the Lennons, who sing "Walk Right In" and "Walking Happy." He follows them with a song of his own, "I'll See You in My Dream."

Although any American boy can become President, only comedian David Frye can become more than one President and he proves it with his imitations of Presidents and celebrities, followed by Dianne Lennon in a solo

number, "So Nice." Ed Ames sings "A Thing Called Love" and then sings a chorus of "Try to Remember" with each of the four Lennons.

A highlight of the show is a segment called "Songs with a Message" with song titles like "A Hungry Dog Once Wandered" by Jimmy and "I Forgot the Number of My House" by the Lennons.

## On The Cover

The combination of snow and the holiday season brought thousands of tourists to Lake Tahoe Basin and sent the skiers flocking to the slopes of nearby resorts.

The lifts at all ski areas were kept busy throughout the week between Christmas and New Years as many locals and visitors got their first taste of the popular winter sport for the season.

FOUR PIPERS - Ready to entertain are four members of the Doodletown Pipers, a singing group scheduled to appear with the Roger Miller show in Harrah's Tahoe South Shore Room Jan. 9-10. Pictured are Tommy Webb, Elaine Blakely, Sharrey Dore and Michael Campbell.

## Madcap Comedy Set For Jan. 14

Will justice triumph in the case of Honker vs. Fandango over ownership of the mill? Will the honest district attorney, who is a Honker, keep his promise to conduct an impartial investigation? Will the crusading female newspaper editor, a Fandango, really be objective about it all? What brings members of the Honker and Fandango families together?

These are among the questions answered with tongue in cheek during "The Shameful Secrets of Hastings Corners," a fast-paced, satirical, madcap comedy special to be colorcast on the NBC Television Network Wednesday, Jan. 14.

Among the characters in the story are: A psychiatrist who rolls out of a moving car; an amnesia victim who holds the key to the fortunes of the two families; the district attorney's twin brother, who has sinister companions in Argentina; the overbearing leader of the Hon-

ker clan and the sensitive father of the Fandango brood, both of whom make self-serving use of wheelchairs; Honker's daughter, who insists she's adopted (she's not.)

The show, a spoof of programs with involved plots, is a Screen Gems production. Hal Linden, who has appeared in such Broadway shows as "Subways Are For Sleeping," "On a Clear Day You Can See Forever" and "Illya, Darling," stars in the dual role of District Attorney Corkey Honker and his troublesome twin, Maurie.

**KELLY'S GIRLS** - Gene Kelly shares the spotlight with two guest stars, Ruth Buzzi, of "Rowan and Martin's Laugh-In" (left), and "Get Smart" girl Barbara Feldon, in his one-hour musical-variety special, "Gene Kelly's Wonderful World of Girls," to be colorcast on the NBC Television Network Wednesday, Jan. 14. The colorcast is one of three specials scheduled for this "Multi-Special Night" on NBC-TV. It will be preceded by a comedy spoof, "The Shameful Secrets of Hastings Corners," and followed by "Rowan and Martin Bite The Hand That Feeds Them," starring "Laugh-In" headliners Dan Rowan and Dick Martin.

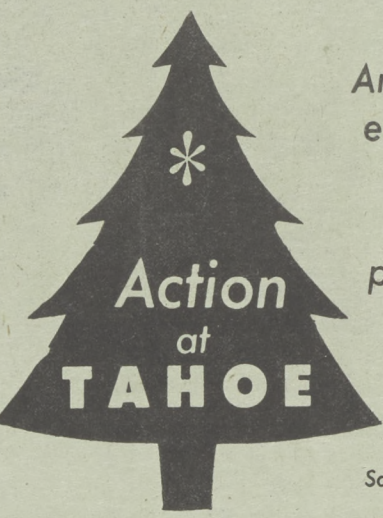

**SERVICEMEN'S SANTA** - Bob Hope, in one of his most extensive overseas tours, will again be seen by the TV audience entertaining thousands of American servicemen during the Yuletide season. This trip, Hope's 19th Christmas spent overseas (and his sixth at South Vietnam), will take him and his troupe of performers around the world, from Germany to South Vietnam with numerous stops in between. Filmed highlights of the tour will be colorcast when "Chrysler Presents The Bob Hope Christmas Special" on the NBC Television Network Thursday, Jan. 15.

## Hockey Games Resume

The Montreal Canadiens, defending Stanley Cup champions, will face the New York Rangers, currently in first place in the East Division, in the opening game of the CBS Television Network National Hockey League game of the week to be broadcast Sunday, Jan. 11, beginning at 12:30 p.m. PT. It was announced today by William C. MacPhail, Vice President, CBS Television Sports, and NHL Vice President Don V. Ruck. This will be the third straight year that the Network will be carrying an NHL game of the week.

Again this season, Dan Kelly will call the play by play and Bill Mazer will provide the commentary.

The Montreal-New York opener, to be played at Montreal, will precede the broadcast on the Network of the NFL-AFL World Championship Super Bowl football game from New Orleans.

**THE LATIN TOUCH** - The "Daddy" of Latin America is back and better than ever, Andy Russell headlines Sahara-Tahoe's Juniper Lounge through Jan. 28.

## Duo Opening In Apres Ski Haus

Douglas and Lonero open a one-month stand in Sahara-Tahoe's Tyrolean Apres Ski Haus tonight.

The Tyrolean room features rock dancing, free fondue parties from 5 - 7 p.m., ski movies and good times by the fire nightly. The room's informal atmosphere is perfectly suited to apres ski fun. Pillowed lounging areas cater to the bone-weary while the nearby Alpine Buffet offers low-cost nourishment - all you can eat.

For those who prefer less strenuous forms of dancing, Rene Touzet sets the beat in the Aspen Grove Steakhouse. Gourmet food, soft lights and an intimate atmosphere for delightful evenings. Both the Tyrolean Apres Ski Haus and the Aspen Grove are open to the public on a no-cover, no-minimum basis.

"Oliver," starring Mark Lester, Ron Moody and Shani Walilis is the attraction in the High Sierra Theatre through Jan. 20. The film is a screen adaption of Charles Dickens' classic tale "Oliver Twist."

That's what's happening at Sahara-Tahoe.

### Concerned?

When NBC-TV's "... Then Came Bronson" held a cross-country race for motorcyclists recently, the contestants were concerned about a steep descent down a mesa near Montrose, Colo. But not one more word was heard when a woman cyclist, Annie Brokaw of Colorado Springs, blithely zipped down the hill on her bike.

# Andy Russell Tops Lounge

Andy Russell headlines Sahara-Tahoe's Juniper Lounge through Jan. 28. The Relatives, The Carey-Garfin Four and Cherry Walner round out the dusk 'til dawn lineup.

Andy Russell, singing star of three continents, was born in Los Angeles. His career began as a band drummer and singer. Early in his career Andy made a test record for Capitol in Hollywood. The tune, "Besame Mucho," was the first in a string of million-sellers. He quickly became one of Capitol's top artist, scoring with hits such as "Amore," "What A Difference A Day Made," "Magic Is The Moonlight," and "Laughing on the Outside, Crying on the Inside."

Planning to extend his career into other countries, he moved to Mexico and became an instant favorite throughout Latin America.

For several years Andy had his own award-winning TV show in Mexico, the "Kraft Music Hall," and he starred in a number of Mexican-produced motion pictures. His niterly engagements in Central and South America were all acclaimed successes.

Andy also found time to entertain in Europe, where he played top clubs in Belgium, Germany and Spain. In between times he continued a prolific career on television and records throughout the Western world. Further extending his activities, Andy met enthusiastic crowds at the Chevron-Hilton in Sidney, Australia and the Siam Intercontinental Hotel in Bangkok, Thailand.

Russell is now making a comeback in the United States, receiving rave reviews in top clubs across the country.

His recording career is soaring with "It's Such A Pretty World Today," number one on the Billboard "Easy Listening" chart for 9 weeks; "More Amore;" "Spanish Eyes;" "Andy Russell Today And Yesterday;" "The Real Andy;" "Bring Me Sunshine" and "Gloria."

## 'El Cid' Shown In Two Parts

Charlton Heston and Sophia Loren star in "El Cid," action-spectacle set in medieval Spain, which will be colorcast in two parts on "NBC Monday Night at the Movies" Jan. 12 and "NBC Tuesday Night at the Movies" Jan. 13.

The film focuses on the life of Rodrigo Diaz de Bivar (Heston) - nicknamed "El Cid" ("The Lord") - an 11th century Spanish warrior-knight, whose actual feats of leadership have merged with legend to make him a great national figure. It was El Cid's hope to unite his people, torn apart by warring feudal lords, before Spain was overridden by fanatical North African Moslems. He devoted his life to his cause, struggling against a weakruling family, the hatred between Christian and Moslem Spaniards, and the temporary enmity of his beautiful wife, Chimena (Loren), who, for a time, plotted his death.

**SPECIAL FOR SKIERS** - Douglas and Lonero are now in their initial engagement in the Tyrolean Apres Ski Haus of Hotel Sahara-Tahoe where they will complete a month-long engagement in February. Lonero, one of the talented musicians providing music for the apres ski crowds, is pictured above.

## Esquires Making Return Appearance In Theatre Lounge Of Harvey's Hotel

The satin-smooth harmony and instrumental perfection of the Esquires will once again be on display for their many South Lake Tahoe fans at Harvey's Resort Hotel Theatre Lounge, through Jan. 28. The Esquires all accomplished musicians and vocalists, have a satisfying style that is pleasing to all audiences. Their every presentation, be it music, comedy or song, is flawlessly staged with little visible effort. Individually and as a group, they are poised showmen with a great deal of humility and an over-abundance of charm.

These three resourceful showmen have been together since 1943. They are extremely selective in their musical numbers, never attempting anything that is not in the Esquires' style. This still permits them a great range, however, and plenty of room for comedy and impersonation.

Eddie Bee, Joe Martini and Bob Hanna have been well known in show business for many years via the medium of movies, recordings, theatre stage and the Nevada lounge circuit. They made recording history with their renditions of "My Adobe Hacienda," "To Each His Own," "Love Is A Many Splendored Thing," and "A Woman In Love."

They are one of the most sought after groups to work steadily in Northern Nevada, having their

appearances booked at least a year in advance year after year. After meeting the demand in

Reno and Lake Tahoe, there is little room left for them to travel.

The trio likes it that way, making their permanent homes in Northern Nevada, which is ideal for their hobbies of fishing, hunting, golf and horseback riding.

They have become a solid part of the Reno-Sparks community, contributing much of their time and energy to youth and community programs. Eddie Bee, who is a licensed agent, has helped many young performers get a start in show business.

The Esquires will be leading the bill at Harvey's Resort Hotel Theatre Lounge through Jan. 28 with such groups as the Cathy Ryan Show through Jan. 17 and the Charlie Blackwell Trio through Jan. 14. Opening Jan. 15 will be Evalani and The South Sea Islanders.

At the Top of the Wheel Bobby Page and His Quintet play for the dining and dancing patrons in the Tiki Lounge through Feb. 8.

**VETERAN SHOWMEN** - The Esquires, three resourceful showmen who have been together since 1943 still please their fans with an effortless style and a flawlessly staged show. Bob Hanna, Eddie Bee and Joe Martini will be at the Theatre Lounge of Harvey's Resort Hotel through Jan. 28.

## Rock 'N Roll Veteran Heads Cabaret Cast

The man who helped launch rock 'n roll over a decade ago and one of the few remaining links to the era, Little Richard, began a four - week engagement Jan. 1, in Harrah's Stateline Cabaret.

The Beatles, the best of the new rock groups, readily admit that Little Richard's individual style had a tremendous influence on them, as well as many others of the contemporary music scene.

People were dancing to Little Richard's "Lucille," "Long Tall Sally," "Jenny, Jenny" and others before the advent of Elvis Presley, Fats Domino, Chuck Berry, Duane Eddy and the rest. At the height of his popularity

he sold more than 30 million records. His comeback began last year after a 10-year absence.

The Cooper Sisters, a fun-loving, frolicking comedy and singing team, close Jan. 4 following a successful two - week engagement.

Audrey and Blanche Cooper offer Cabaret audiences a different show, made up of fast-paced comedy, old favorites such as "Detour" and "Cool Water," some opera and also current standards.

Departing Jan. 7 after three weeks are the Collins Coins, a fresh, versatile and well-balanced new singing group.

The group is a talent-combination able to handle a variety of music and equal ability, from rock to ballads to country and western.

A big group with a big band sound, the Rising Generation, opened Jan. 1 for three weeks. The nine performers who make up the group lay almost every known percussion and brass instrument, sing in six part harmony and are well routinized and choreographed.

Their repertoire covers everything from rock 'n roll to folk to spirituals to comedy to pop standards to dixieland. Singer Ray Frushay opens Jan. 8 for a three-week stint.

### Filming Begins

Filming has started at Bracket Field near Pomona on the first episode of the new comedy series, "The Tim Conway Show," which stars Tim Conway and Joe Flynn as operators of a charter air service. The series has its premiere Friday, Jan. 30 on the CBS Television Network.

The company will spend a day shooting the air service's lone plane doing takeoffs and landings and will film interiors of the airport terminal and control tower.

Other regulars include Dennis Robertson, Anne Seymour, Fabian Dean and Johnnie Collins III. Frank Romaros plays a guest role in the first episode.

### Ghostly Producer

Executive producer Sheldon Leonard portrays a ghost who gives tips on the horses in the "Darn That Dream" episode coming up on NBC-TV's "My World and Welcome to It."
